

# Temporary Parking Changes at MCH

## Lot O: Temporary new patient parking area

This phase of construction will continue to see an increase in changes around the hospital campus. Here's what you can expect to see happen:

### Temporary Patient Parking (see #5 on map)

Beginning Monday September 14<sup>th</sup>, a main water line will be installed across Lot O. Patients will be able to park in the far side of the lot (formerly employee parking). This change will last for 7-10 days until the water line is completed. Lots A and B will still be open to patient parking during this time.

### Campus Rotary Opening Soon (see #1 on map)

Work is nearing completion on the rotary near our current campus entrance, allowing it to open within the next three weeks.

### Timeline of Events

#### Next 2 Weeks:

- Installing water line across Parking Lot O

- Installing new traffic islands in Lot O in preparation for perimeter roads (#2 on map).

#### Next 3-8 Weeks:

- Opening of Campus Rotary (#1 on map)
- Redirecting of Main Entrance Traffic (#1 on map)
- Opening of Temporary Emergency Department entrance. (#4 on map)

### Town of Peterborough Connector Road

Work continues on the new entrance/access road connecting our campus directly to Route 202. This is targeted to open in October.

### Check the Web Site for Updates

Because parking and driving patterns will change frequently in the coming weeks, please check MCH's web site at: [www.monadnockhospital.org/expansion](http://www.monadnockhospital.org/expansion) for the latest changes to parking and driving patterns.

### Safe Driving Reminder

*Please remain alert and drive slowly and carefully on the hospital grounds.* Dust, debris and changing traffic patterns require careful attention to ensure safety.

*Thanks for your patience!*
