# 100 YEARS

CELEBRATING THE PAST  
EMBRACING THE FUTURE

**Monadnock**  
COMMUNITY HOSPITAL

1923-2023

From left: Madison Wright, Jennifer Wright, Gail Niskala, and Deborah Wright

## 88 Years and Counting...

### Meet four generations of MCH patients

In January 1935, a young New Ipswich man drove his pregnant wife through muddy backroads to a small hospital in Peterborough. There, his wife delivered a healthy baby girl, and the couple named her Gail.

88 years later, that baby is the proud matriarch of four generations, all of them born at that same Peterborough hospital, known today as Monadnock Community Hospital.

"We're all MCH babies," Gail laughs. "My daughter was born here in 1960. Her daughter Jennifer arrived in 1982, and my great-granddaughter Madison was born here in 2001."

Over the decades, Gail has witnessed significant changes at MCH. "When I was small, the hospital was the old Parmelee family home. There were still fireplaces in some patient rooms! But today MCH is a big, modern hospital."

Gail's family connection to MCH includes her husband Randy, who worked as a mail room volunteer at MCH for several years.

"We are so grateful to have this wonderful hospital in our community," says Gail, who recently received orthopaedic care and physical therapy at the Hospital. "MCH is our family hospital. We just love it."

## Dear Friends,

This is an exciting year, as we celebrate our 100th anniversary! In 1919, Robert Parmelee donated his summer home, which began our legacy as the community hospital of the Monadnock Region. The original leaders had a vision to create a local hospital that was "a place where doctors and nurses and the best equipment science can produce are gathered together to bring relief to those who are suffering." This quote from the Transcript on June 21, 1923, the day the hospital opened its doors to the public, still rings true today.

With so many changes and tremendous growth over the years, we are honored to celebrate our first centennial with you. It takes a dedicated community to build a hospital and so many have contributed to our success over the years. Donors, volunteers, medical staff, employees, trustees, patients, first responders, and many more have added to the strength of Monadnock Community Hospital, making it one of the best small hospitals in New England.

While the people, practices, and technology may have changed, our commitment to care for our community remains our focus and we look forward to being here for you in our second century. With the generous support from individuals like you, we have been able to expand services ranging from emergency care, radiology, and laboratory services, to orthopaedics and so much more. The engagement from our devoted employees and thousands of supporters through the years can be seen woven through the fabric of our beloved hospital's history.

As we celebrate our past and look to our future, we are embracing the possibilities it will hold. Jackson, on the cover of this year's report, was born here and he and his family receive their care from our hospital. We know that caring for Jackson's generation is essential as they are the future of Monadnock Community Hospital and are the healthcare professionals of tomorrow. Together, we will continue our mission of improving the health and well-being of our community and look forward to celebrating this milestone year with you. We are grateful to you, our patients and supporters, for trusting MCH to care for you and your loved ones when you need us most.

Sincerely,

Cynthia K. McGuire, FACHE  
President & CEO

### MISSION

Monadnock Community Hospital is committed to improving the health and well-being of our community.

### VISION

We will elevate the health of our community by providing accessible, high-quality and value-based care.

### VALUES

- Compassion • Honesty
- Collaboration • Respect

# 100 Years of Growth

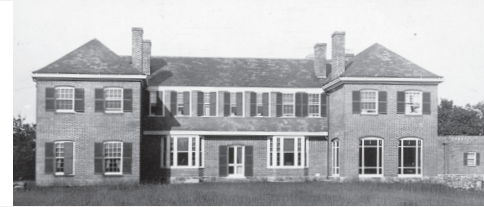

1919

Robert M. Parmelee donated his newly built summer home to become a community hospital

On June 21<sup>st</sup>, The Peterborough Hospital opened its doors to begin caring for the community

1923

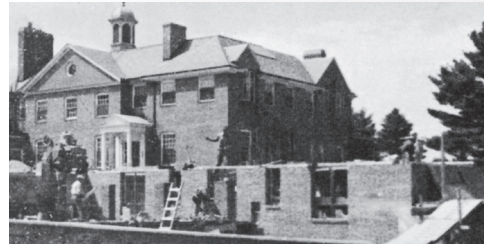

1924

The Hospital Auxiliaries were formed with 156 women joining the first year to support and provide service to the hospital

The Peterborough Hospital changed its name to Monadnock Community Hospital

1946

1949

Groundbreaking on the new North Wing, which increased patient capacity from 19 to 55 beds, while adding operating, delivery, X-ray, laboratory, and outpatient spaces; satellite clinics are established in area towns, starting with Jaffrey

Major million-dollar expansion, to add a new wing and renovations

1963

1967

MCH, in conjunction with Monadnock Community College, began offering nursing courses to attract and train new nurses

The Medical Staff reached 29 members, with new doctors tending toward specialty practices including a new birthing center, becoming the second in the country to offer water births

1977

1978

MCH elected first female Board President, Dorothy Peterson, who served on the Board of Trustees from 1975-1980

Laser eye surgery performed for the first time at MCH

1982

1984

The First Medical Flight from MCH took place, in partnership with UMass Medical Center in Worcester

Hospital expansion and renovation of 50,000 sq. ft. The new wing is known today as the Medical Arts Building

1991

1998

The First Annual Fall Foliage Golf Classic Tournament is the only fundraising event still held to this day

The Bond Wellness Center opened, integrating formal rehabilitation with medically-based exercise programs

2000

2005

MCH received first million dollar bequest from Herbert T. Nilson, naming Bass Farm Way in his honor

Capital campaign raised \$10M and the new Sarah Hogate Bacon Emergency Department opened

2011

2012

The Healing Arts initiative began at MCH with Reiki, Music, and Pet Therapy offered to patients and the gallery opened adjacent to the Emergency Department

Telemedicine began at Monadnock Community Hospital with Tele-Stroke Care as the first service line being offered

2017

2020

MCH staff and the community banded together, in support of one another, as the pandemic disrupted healthcare around the globe

Celebrating the past 100 years of caring as we continue our mission for the next century of improving the health and well-being of our community

2023

Cynthia McGuire Bob Taft

Last December, our community lost a beloved, irreplaceable human being when Bob Taft passed away at age 92. Known for his wisdom, warmth and kindness, Bob's generous spirit changed literally thousands of lives. As a New Hampshire municipal judge, he ruled with compassion and fairness. As a family man, he raised his children to treat everyone with respect. And as a good citizen and patriot, Bob was always first to volunteer, donate, and pitch in. Oh, and did we mention he was a charming, funny and wonderful friend?

Bob was an especially good friend to MCH, serving on the Hospital's Board for nine years. In 2007, he co-chaired our largest capital campaign ever, helping raise over \$10 million for our new Surgical and Emergency Departments.

Bob had a long and fruitful season on this earth. And while we mourn his passing, we celebrate his legacy, which will continue to bless our community for generations to come. **Thank you, dear friend—for everything.**

# Lifetime Giving

Through their years of support, these philanthropic leaders have each made generous cumulative gifts totaling over \$100,000.

# Thank You to Our Parmelee Society

The Parmelee Society recognizes the individuals who choose to include Monadnock Community Hospital in their wills or estate plans. Their legacy gifts ensure the accessibility of high-quality healthcare for their neighbors and loved ones for generations to come. MCH is honored by these generous supporters who demonstrate the spirit of community and show their devotion to our hospital well into the future.

### X-RAY ROOM 1933

The Hospital's first X-ray machine was purchased in 1926, representing a scientific leap forward in diagnosis. In 1933, on our tenth anniversary, Mrs. Carl Kaufmann donated the money needed to buy the latest, state-of-the-art X-ray equipment.

### X-RAY ROOM 2023

Today's X-ray equipment produces instant, low-dose images that are immediately available to interpreting radiologists to expedite diagnosis and treatment.

The radiology department at MCH has expanded from a single X-ray machine to multiple X-ray suites, CT, Ultrasound, Mammography, MRI, and more.

Garry Peyton

## Cause for Celebration

**"We are here for you."** These five words sum up the mission and promise of Monadnock Community Hospital and no one understands this more than Garry Peyton of Sharon. In 2022, after coming indoors from gardening, Garry found himself unable to form intelligible words. "I wasn't making sense," he recalls.

Suspecting a stroke, Garry's wife Julie rushed him to MCH where a brain scan confirmed her fears. Intravenous treatment was started immediately, and after a telehealth consultation in the Emergency Department with a stroke specialist, Garry's doctors decided to admit him overnight. When his symptoms returned the next morning, MCH clinicians were able to further connect with the stroke specialist and together decided to keep him another two days before he was stabilized for discharge. Garry left MCH with a referral for speech therapy to help with language issues he experienced as a result of his stroke.

"I had a very positive experience at MCH," Garry says, "especially with communication. Getting clear information is really critical in the ER because, as a patient, you're at a heightened level of concern, but my experience was ideal."

Reflecting on his own experience, and on the Hospital's 100-year milestone, Garry finds it "remarkable" that a small community like Peterborough has access to such a high level of care and technology.

**"Technology has removed so many limitations for small hospitals like MCH," he notes. "It means that everyone in our community has access to top-notch care – and thanks to the expertise of the staff at MCH, I made a full recovery and feel great – that's definitely cause for celebration!"**

Francis Savoie

## MCH Community Benefits Program: 100 Years of Helping Patients in Need

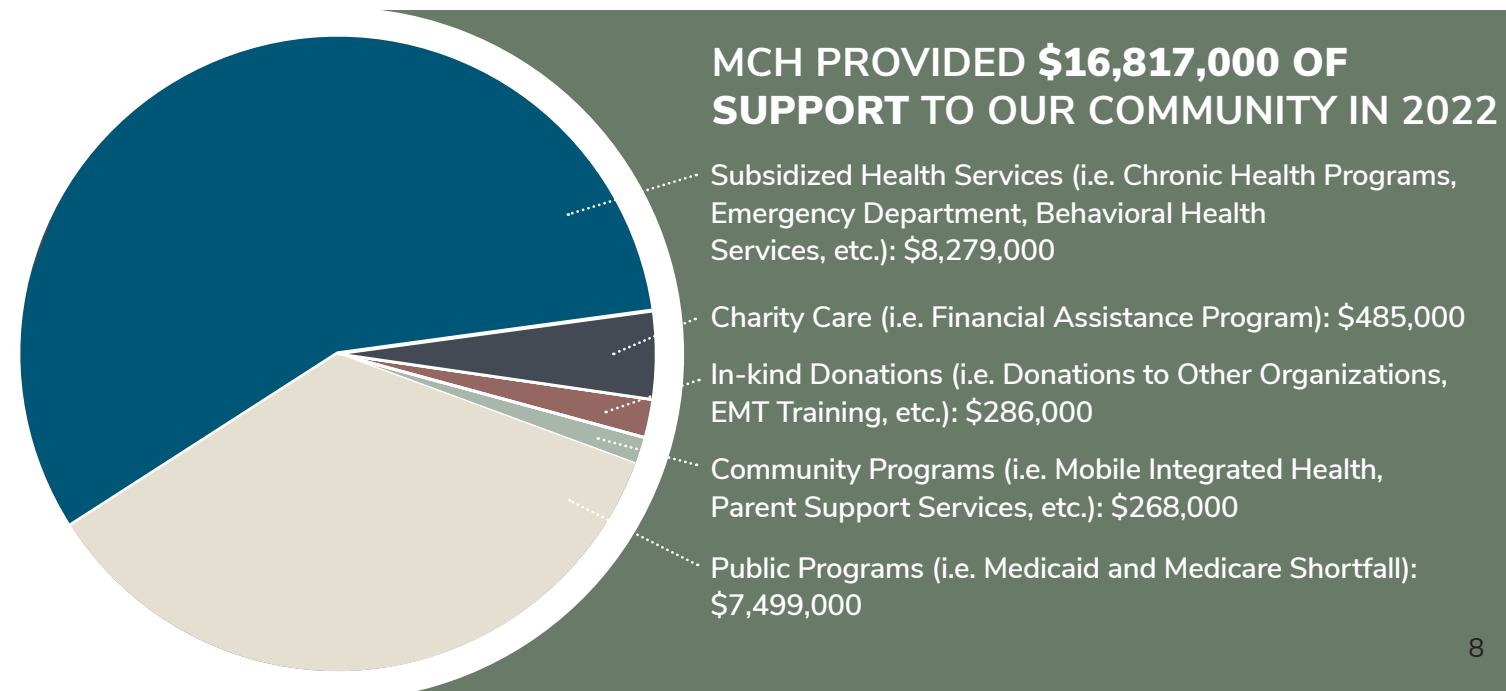

Providing care to patients without the means to pay has always been part of the MCH mission. In 1925, the Trustees voted to establish a fund expressly for "the care of children who may be identified as needy." Today, MCH's Community Benefit Program provides financial assistance to patients of all ages – patients like Francis Savoie.

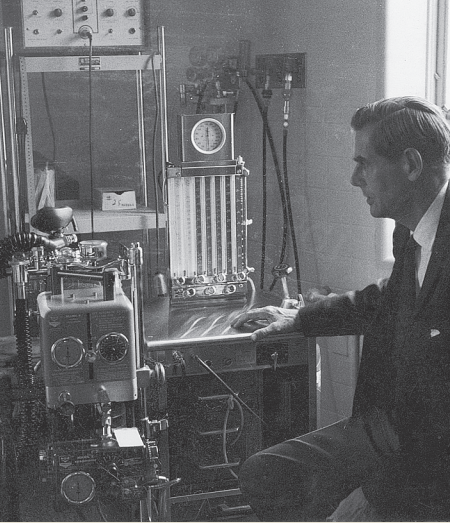

Several years ago, Francis, a single dad who drove an oil truck for a living, was diagnosed with severe rheumatoid arthritis and degenerative disc disease. Suddenly, at the age of 42, he was permanently disabled.

Francis was able to reduce his pain through regular infusion treatments at MCH's Oncology and Infusion Center, but his medical bills were a financial hardship.

"The infusion treatments really helped," he says, "but I had trouble affording my co-pays. MCH helped me through their Financial Assistance Program."

**"The staff at MCH, they're good people," says Francis. "They fought for me, and never let me down. Disability is hard to accept, but the kindness and care I receive at MCH gives me the support and courage to go on."**

### ANESTHESIA 1963

The early years of the Hospital saw significant advances in the science of anesthesia, from the introduction of anesthesia machines in the 1930s to new, safer anesthetic drugs, devices that made intubation safer and more effective, and the introduction of the first intravenous anesthetics.

### ANESTHESIA 2023

The team consists of four board-certified anesthesiologists that have the ability to provide ultrasound-guided nerve block and video capability for difficult intubation. They perform over 1,800 procedures in the OR each year.

Dr. Vache Hambardzumyan and Renee Deschuiteneer

## You Don't Deserve to Live in Pain

After falling down a flight of stairs, Renee Deschuiteneer was left with pain in both her leg and hip. She coped with the pain as long as she could. However, things got worse to the point where she was forced to use her arms to lift her leg up into the car. At that point, Renee knew it was time to see an orthopaedic specialist.

Thankfully for Renee, her consultation was with MCH Orthopaedic Surgeon, Dr. Vache Hambardzumyan. After imaging Renee's leg and hip, Dr. Vache found extensive damage, including fractures in both her femur and hip.

Finally, there was an explanation for Renee's pain – and a solution.

Dr. Vache performed hip replacement surgery to fix Renee's hip, and also repaired her fractured femur and replaced missing bone.

"I love Dr. Vache," says Renee. "I felt like he understood my pain and anxiety. 'You've been through a lot,' he told me. 'You don't deserve to live in pain.' That meant a lot to me."

**Following her surgery, Renee says she feels stronger than ever. She's looking forward to being active this summer. "I'm a young 62," she laughs, "and I'm ready to ride my bike again. The pain is gone."**

## Thank You Employees, Past and Present

How do you measure a milestone? One obvious way for an organization like MCH to mark 100 years is to point out all of the advances we have made over our first century, from new technology to construction projects. These things are impressive, and worth celebrating; you can see some of them elsewhere in this report. But what really makes a hospital isn't equipment or buildings, no matter how remarkable they are.

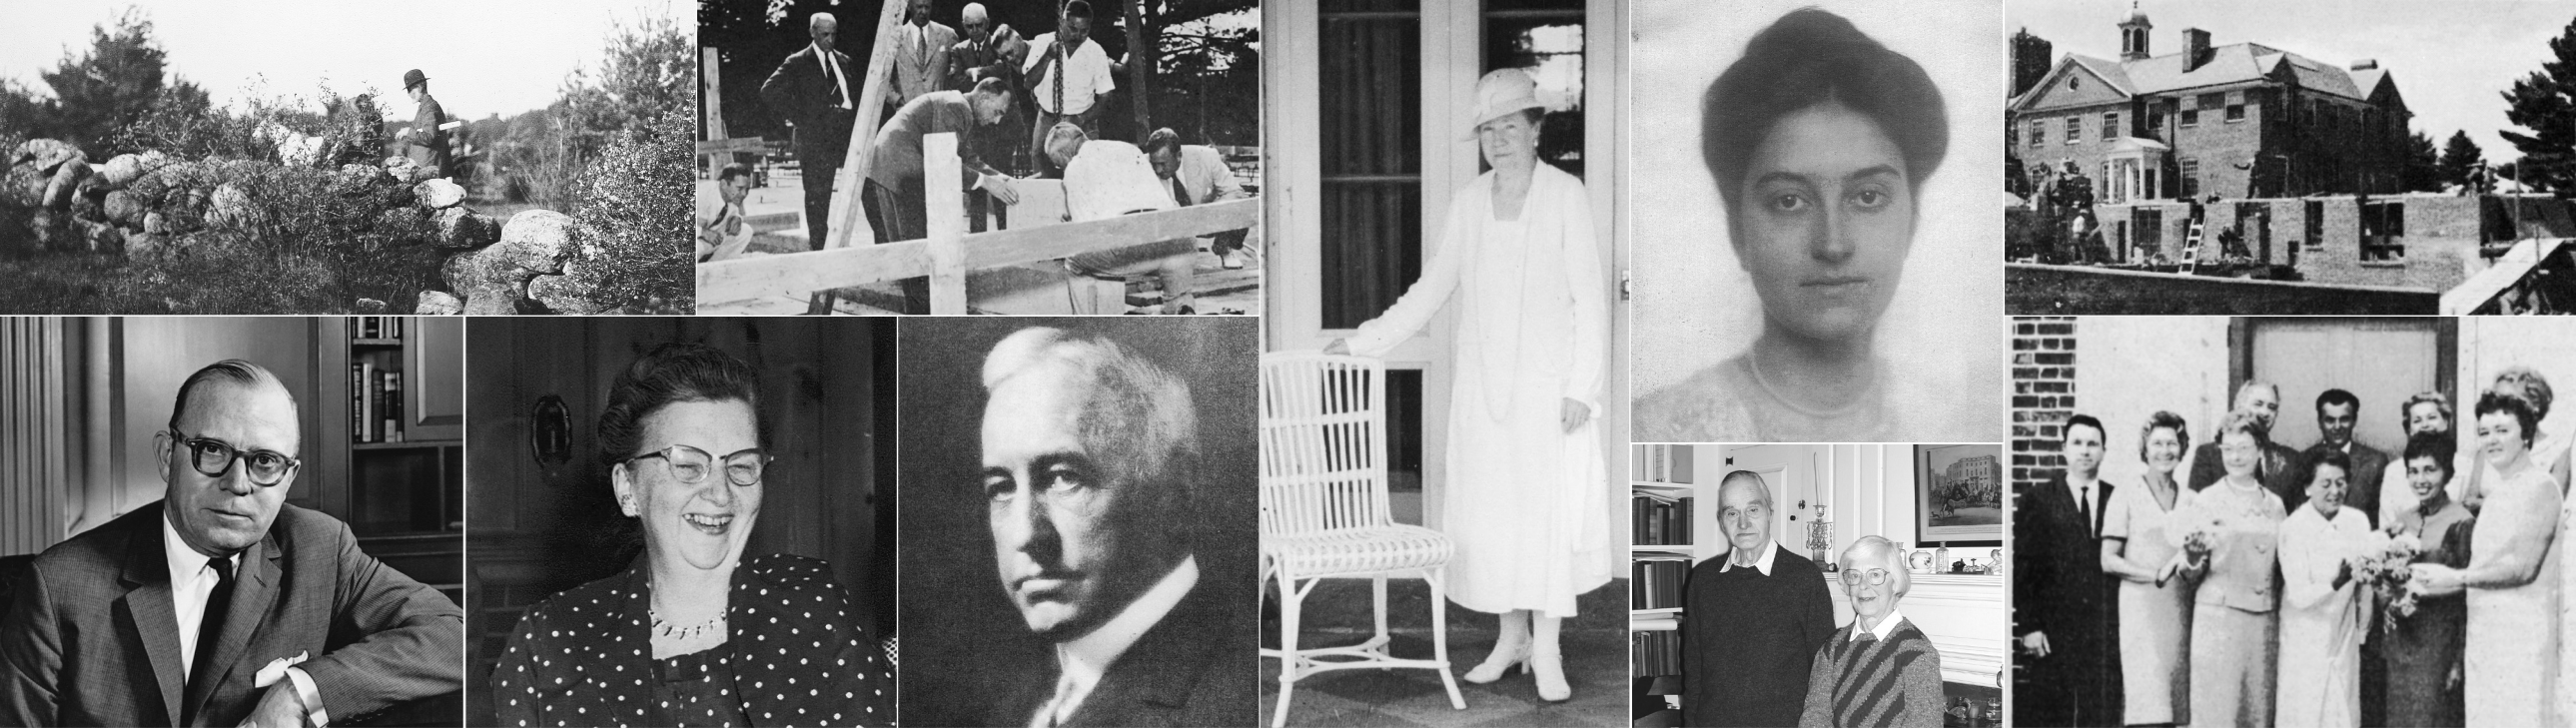

### The real heart of Monadnock Community Hospital is our people.

The people who make up MCH today have skills, tools, and technology that our first staff members in 1923 could barely imagine. Yet we are connected directly to everyone who came

before us by values that haven't changed at all - a deep commitment to caring for our patients and our community, to ensure that the towns of the Monadnock Region have local access to great healthcare they can be proud of.

### A Note to All Employees of MCH

Thank you to all of our employees who work on the front lines or behind the scenes; our clinicians and nurses who provide extraordinary medical care; the teams who keep our hospital clean, make nutritious meals, work in our offices and maintain our beautiful buildings. You are living the legacy of everyone who came before you here, and setting an example for those who will come after. You are an invaluable part of our history, a history that is being written every day. **You truly are Monadnock Community Hospital.**

## THE PETERBOROUGH HOSPITAL 1923

In the autumn of 1919, Robert Parmelee donated his recently constructed summer residence to the town of Peterborough for use as a community hospital. Over the next few years, as the Hospital staff and administration was organized, the property was thoroughly renovated to serve its new purpose.

# Living in Our Memories

We honor and remember the generosity of all those no longer with us who included MCH in their wills or estates. These legacy gifts reflect the value our community places on local, quality healthcare.

## MONADNOCK COMMUNITY HOSPITAL 2023

MCH is now a 25-bed Critical Access Hospital offering a full range of inpatient and outpatient medical services. We are committed to caring for our community by providing innovative programs and care for our patients. MCH's strong leadership and dedicated medical staff enable us to meet the ever-changing requirements of today's healthcare environment.

## KITCHEN 1961

The early Hospital was made to look as much like a cheerful home as possible, with a small kitchen on each floor. As the Hospital grew, so did its dietary needs, leading to expansions.

## KITCHEN 2023

The MCH Cafeteria, now known as "Our Town Café," was renovated in 2015. The dietary team is comprised of 28 employees and serves up to 80 patient meals and 450 cafeteria transactions on any given day.

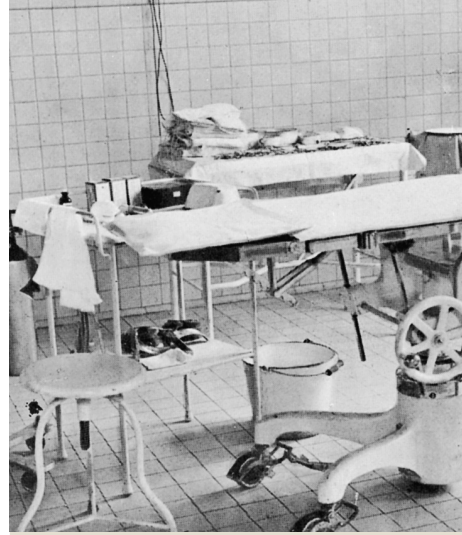

Employees of MCH: Sergio Elguero, Pharmacy; Lisa Jaeger, Rehabilitation; Maria Brown, Oncology; Eric Dacey, Physical Therapy; Michele Stone, Radiology

## In Honor of

One of the most meaningful ways to honor a special person or caregiver is to make a gift to Monadnock Community Hospital. Gifts were made to honor the following individuals between January 1, 2022 and December 31, 2022:

- |                            |                           |                        |
|----------------------------|---------------------------|------------------------|
| All who give               | Gabriela Trust            | Medical-Surgical Staff |
| All at MCH, especially the | Claire and Edmond Gingras | Dr. Ronald Michalak    |
| Orthopaedic Team           | Laura Gingras             | Kylah Moore            |
| Anne Baddour               | Kavita Handoo             | Trevor Moore           |
| Brenda Belliveau, RN       | Dr. Shawn Harrington      | Dr. Greg Neilley       |
| Kiara Burak                | Sue Jackson, RN           | Robin Nolan, RN        |
| Collision Communications   | Kayla Kokal, APRN         | Nurses & Staff of MCH  |
| Kevin Costello, PA         | Kristi Kumph, RN          | Autumn & Gunner Pallan |
| Melissa Curran, RN         | Dr. Eric Lasky            | Elizabeth Peters, RN   |
| Courtney Dunning, RN       | Dr. David Levene          | MCH Rehab Department   |
| Marilyn & Richard Ellis    | The LNAs of MCH           | Kathy Ross             |
| The Emergency              | Pax and Gia Lothrop       | Anna Ruelle, DPM       |
| Department                 | Lynda & Cheryl            | Dr. Lucas Shippee      |
| The Executive Team         | Corinne Bonaventure       | Dr. Cathryn Welch      |
| Frontline workers          | MacLennan-Kennedy         |                        |

### OPERATING ROOM 1923

A 1923 surgeon describes the two operating rooms as, "Both tiled from floor to ceiling, are the latest in size, arrangement, regulation of temperature, ventilation, and light. There are none better, but few as good."

## Gifts In Kind

Through gifts of products and service, between January 1, 2022 and December 31, 2022, the following people and businesses have helped to support our mission:

- |                                   |  |                               |
|-----------------------------------|--|-------------------------------|
| Anonymous                         | Eddie Green                            | Project Linus Southwest,      |
| Achille Agway                     | Helms & Company                        | NH Chapter                    |
| Active Healthcare Receivables     | Hillsboro Ford, Inc.                   | Salon Exodus                  |
| Belletetes, Inc.                  | HUB International New England          | Savron Graphics               |
| Coca-Cola                         | Mr. & Mrs. Vincent Lemire              | Danielle Stickney Photography |
| Connection                        | Alyssia Maki                           | Studio 105 Hair Design        |

| Zaven Giragosian        | Frank & Julia Poodiak |                           |

### OPERATING ROOM 2023

The surgical services department was renovated in 2011 with 6,000 additional square feet added on, which allowed two state-of-the-art Operating Rooms to be included, providing surgical capabilities for 15 surgeons and over 1,000 surgeries per year.

### MATERNITY WARD 1923

The first baby, a healthy boy from Nashua, was born at 3 AM on July 1, 1923 by cesarean section.

### BIRTHING SUITE 2023

Today, mom and baby stay together following birth, bonding in a bright, comfortable private room in the Birthing Suite, which features a large labor tub, birthing balls, and other comfort options during labor.
