MONADNOCK COMMUNITY HOSPITAL
FINANCIAL ASSISTANCE (FA) (Charitable Care)

Appendix C: Participating Providers

FA applies only to medically necessary and emergency services, and only to services which are hospital-owned; see Appendix B for ineligible services. Some services, even if provided on the MCH campus, may not be hospital-owned and therefore do not accept FA. Some facilities or providers may have an external financial assistance policy, which is determined by and implemented at the discretion of the separate entity.

The following lists include, but are not limited to, the locations where FA is and is not accepted (*see following pages*). MCH will administer quarterly reviews and/or updates for accuracy.

**DEPARTMENTS, GROUPS, AND THE PROVIDERS WHO PRACTICE THEREIN
WHICH ACCEPT THE MCH FA:**
