Part VIII Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check if Schedule O contains a response or note to any line in this Part VII

X

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

- 1a Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year.
 List all of the organization's current officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation.
 Enter -0- in columns (D), (E), and (F) if no compensation was paid.
 - List all of the organization's current key employees, if any. See the instructions for definition of "key employee."
- List the organization's five current highest compensated employees (other than an officer, director, trustee, or key employee) who received reportable compensation (box 5 of Form W-2, box 6 of Form 1099-MISC, and/or box 1 of Form 1099-NEC) of more than \$100,000 from the organization and any related organizations.
- List all of the organization's former officers, key employees, and highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations.
- List all of the organization's former directors or trustees that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations.

 See the instructions for the order in which to list the persons above.

Total

Department of the Treasury Internal Revenue Service

Public Charity Status and Public Support

Complete if the organization is a section 501(c)(3) organization or a section 4947(a)(1) nonexempt charitable trust. Attach to Form 990 or Form 990-EZ.

Go to www.irs.gov/Form990 for instructions and the latest information.

OMB No. 1545-0047

Open to Public Inspection

Employer identification number

Name of the organization 02-0222157 Monadnock Community Hospital Part I Reason for Public Charity Status. (All organizations must complete this part.) See instructions. The organization is not a private foundation because it is: (For lines 1 through 12, check only one box.) A church, convention of churches, or association of churches described in section 170(b)(1)(A)(i). 2 A school described in section 170(b)(1)(A)(ii). (Attach Schedule E (Form 990).) 3 A hospital or a cooperative hospital service organization described in section 170(b)(1)(A)(iii). A medical research organization operated in conjunction with a hospital described in section 170(b)(1)(A)(iii). Enter the hospital's name, city, and state: An organization operated for the benefit of a college or university owned or operated by a governmental unit described in section 170(b)(1)(A)(iv). (Complete Part II.) A federal, state, or local government or governmental unit described in section 170(b)(1)(A)(v). 6 An organization that normally receives a substantial part of its support from a governmental unit or from the general public described in 7 section 170(b)(1)(A)(vi), (Complete Part II.) A community trust described in section 170(b)(1)(A)(vi). (Complete Part II.) Я An agricultural research organization described in section 170(b)(1)(A)(ix) operated in conjunction with a land-grant college or university or a non-land-grant college of agriculture (see instructions). Enter the name, city, and state of the college or university: An organization that normally receives (1) more than 33 1/3% of its support from contributions, membership fees, and gross receipts from activities related to its exempt functions, subject to certain exceptions; and (2) no more than 33 1/3% of its support from gross investment income and unrelated business taxable income (less section 511 tax) from businesses acquired by the organization after June 30, 1975. See section 509(a)(2). (Complete Part III.) An organization organized and operated exclusively to test for public safety. See section 509(a)(4). 11 An organization organized and operated exclusively for the benefit of, to perform the functions of, or to carry out the purposes of one or 12 more publicly supported organizations described in section 509(a)(1) or section 509(a)(2). See section 509(a)(3). Check the box on lines 12a through 12d that describes the type of supporting organization and complete lines 12e, 12f, and 12g. Type I. A supporting organization operated, supervised, or controlled by its supported organization(s), typically by giving the supported organization(s) the power to regularly appoint or elect a majority of the directors or trustees of the supporting organization. You must complete Part IV, Sections A and B. Type II. A supporting organization supervised or controlled in connection with its supported organization(s), by having control or management of the supporting organization vested in the same persons that control or manage the supported organization(s). You must complete Part IV, Sections A and C. Type III functionally integrated. A supporting organization operated in connection with, and functionally integrated with, its supported organization(s) (see instructions). You must complete Part IV, Sections A, D, and E. Type III non-functionally integrated. A supporting organization operated in connection with its supported organization(s) that is not functionally integrated. The organization generally must satisfy a distribution requirement and an attentiveness requirement (see instructions). You must complete Part IV, Sections A and D, and Part V. Check this box if the organization received a written determination from the IRS that it is a Type I, Type II, Type III functionally integrated, or Type III non-functionally integrated supporting organization. f Enter the number of supported organizations Provide the following information about the supported organization(s). (iv) is the organization listed (v) Amount of monetary (vi) Amount of other (i) Name of supported (ii) EIN (iii) Type of organization in your governing document? (described on lines 1-10 organization support (see instructions) support (see instructions) Yes No above (see instructions)

Part IV Supporting Organizations

(Complete only if you checked a box on line 12 of Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If "Yes," complete Part I of Schedule L (Form 990).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- b Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI.
- c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer line 10b below.
 - b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Par	IV Supporting Organizations (continued)			
			Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?			
а	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and			
	11c below, the governing body of a supported organization?	11a		
b	A family member of a person described on line 11a above?	11b		
С	A 35% controlled entity of a person described on line 11a or 11b above? If "Yes" to line 11a, 11b, or 11c, provide			
	detail in Part VI.	11c		
Sect	ion B. Type I Supporting Organizations			
			Yes	No
	Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.	1		
	Did the organization operate for the benefit of any supported organization other than the supported			
	organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in			
	Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated,			
	supervised, or controlled the supporting organization.	2		
Sect	ion C. Type II Supporting Organizations			
		S	Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).	1		
Sac	ion D. All Type III Supporting Organizations			_
000	ion D. An Type in Supporting Stgameations		Yes	No

2022

Schedule B (Form 990) (2022)

Name of the organization

Monadnock Community Hospital

LHA For Paperwork Reduction Act Notice, see the instructions for Form 990, 990-EZ, or 990-PF.

Employer identification number

Organization type (check one):						
Filers of:	Section:					
Form 990 or 990-EZ	$\overline{\mathbf{X}}$ 501(c)(3) (enter number) organization					
	4947(a)(1) nonexempt charitable trust not treated as a private foundation					
	527 political organization					
Form 990-PF	501(c)(3) exempt private foundation					
	4947(a)(1) nonexempt charitable trust treated as a private foundation					
	501(c)(3) taxable private foundation					
	ion is covered by the General Rule or a Special Rule . 01(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.					
General Rule						
_	ration filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.					
Special Rules						
sections 509(contributor, d	zation described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one uring the year, total contributions of the greater of (1) \$5,000; or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h; 0-EZ, line 1. Complete Parts I and II.					
For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I (entering "N/A" in column (b) instead of the contributor name and address), II, and III.						
year, contribu is checked, e purpose. Dor	For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions exclusively for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an exclusively religious, charitable, etc., purpose. Don't complete any of the parts unless the General Rule applies to this organization because it received nonexclusively religious, charitable, etc., contributions totaling \$5,000 or more during the year\$					
answer "No" on Part I	ion that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990), but it must /, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify e filing requirements of Schedule B (Form 990).

Part V Facility Information (continued)

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Monadnock Community Hospital:

Part V, Section B, Line 5: Monadnock Community Hospital (MCH) used a methodology that was highly focused on identifying needs among underserved populations. The approach used was designed to elicit perspective from a broad range of community stakeholders - especially those representing higher risk groups. MCH used a multi-phased methodology to achieve the objectives of the assessment.

MCH reached out to a group of individuals to participate in its Community Health Needs Assessment (CHNA) to contribute insights from patients, community service organizations, and staff. Each person provided project feedback regarding perceptions of area health needs, data evaluation, and other guidance during the CHNA process. The individuals had a breadth of community health vision, knowledge, and leadership to impact the well-being of the service area.

The CHNA methodology includes a combination of quantitative and qualitative research methods designed to evaluate perspectives and opinions of area stakeholders and healthcare consumers - especially those from underserved populations. The methodology used helped prioritize the needs and establish a basis for continued community engagement - in addition to simply developing a broad, community-based list of needs.

The major sections of the methodology include the following: - Strategic Secondary Research. This type of research includes a thorough

analysis of previously published materials that provide insight regarding 232098 11-18-22 Schedule H (Form 990) 2022 Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

the community profile and health-related measures.

- Qualitative Interviews and Discussion Groups. This form of primary
 research includes discussion groups and interviews with a MCH CHNA
 Leadership Group, other community service providers, and healthcare
 consumers who represent a span of healthcare consumers in the service
 area.
- Community Survey. Crescendo conducted an online survey with more than 440 community members. Survey results and analysis can be found in this report. The survey instrument is contained in the appendices.
- A Needs Prioritization Process. Following the secondary research,
 qualitative interviews, focus group discussions, and community survey, a
 list of 28 community health issues was generated. MCH CHNA Leadership
 Group members participated in a needs prioritization meeting where top
 needs were discussed, along with MCH locus of control for each item. The
 discussions allowed a formation of a prioritized needs analysis.

To ensure broad and deep community engagement in the CHNA, MCH compiled a group of community leaders, which represented public health and diverse community interests.

The qualitative primary research stage included stakeholder interviews and focus group discussions across the community. The 13 one-on-one interviews lasted approximately 30 minutes in length, although some community members chose to share a great deal of information, so some calls exceeded 30 minutes. The interviews provided the opportunity to have in-depth discussions about community, social, health, and service issues with individuals able to provide insight regarding health services and

Part V Facility Information (continued)

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

access needs. The stakeholder interview guide was designed to elicit respondents' opinions about community strengths and resources, health-related needs, the expected ongoing impact of the COVID-19 pandemic, the community-based strategies to address those needs, special insights from marginalized groups, and other topics.

The two focus group discussions (FGDs) - plus two MCH CHNA Leadership Group meetings - (held via Zoom) used a moderator's guide similar to the stakeholder interview guide (see Appendix). The FGDs enabled the participants to highlight areas of consensus as to what they see as the biggest health-related needs facing the community.

In total over 40 individuals provided input from the following segments:

- Healthcare service consumers
- General community members
- MCH CHNA Leadership Group
- Community service providers

A community wide survey was conducted in the Monadnock service area. The survey included representation from all thirteen Monadnock service area towns, with respondents completing the survey instrument online. Monadnock Hospital facilitated survey advertising via internal and external communications lists and social media.

In general, the secondary data utilizes the most current data sets available. The dramatic changes in 2020 and 2021 due to the COVID-19 pandemic may have impacted some of the traditional projection tools, Schedule H (Form 990) 2022 232098 11-18-22

Part V | Facility Information (continued)

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Source data, and data collection methods. For example, the American Community Survey (ACS) which provides detailed population and housing information revised its messaging, altered their mailout strategy, and made sampling adjustments to accommodate the National Processing Center's staffing limitations. Where relevant, the impacts or new data due to the COVID-19 pandemic are noted. In addition, in-person interviews and focus group discussions were conducted only by telephone or in a virtual setting. The decision to may have impacted some of traditional in-person dynamics.

Monadnock Community Hospital:

Part V, Section B, Line 11: Please see attached implementation plan for how the Hospital is addressing (or any needs it is not addressing and why) the significant needs of the community in which it serves.

Part V Facility Information (continued)

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2. 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Department shall develop and implement billing and collection procedures designed to maintain an adequate cash flow, keep accounts receivable at an acceptable level, and identify and write-off bad debts in a timely fashion. Monadnock Community Hospital contracts with an agency to process all self-pay accounts and self-pay after insurance balance statements/letters.

- Self-pay accounts and self-pay balances remaining after insurance adjudication shall be transferred to the agency on a weekly basis. The cycle for collections is three (3) statements and/or letters and two phone call series spaced approximately thirty (30) days apart. The statements shall include:
- a. Previous balance (unless this is the first statement).
- b. Activity since last statement (except those accounts that went to a \$0.00 balance).
- c. Current balance due.
- d. Telephone number(s) for inquiries concerning the statement.
- e. Status or reminder message where appropriate.
- f. Availability for the use of a credit card for payment.
- g. Information regarding Financial Assistance and Medication Bridge Programs.
- h. Return envelope.
- II. In the event that statements or letters are returned by the postal service as undeliverable for reasons such as "moved, left no forwarding address, " "forwarding order expired," or "no such address" the agency will indicate on the daily report "mail returned." PFS staff will review Schedule H (Form 990) 2022 232098 11-18-22

Part VI Supplemental Information

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8, and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health. Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (for example, open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 3c:

Part VI Supplemental Information (Continuation)

The Bad Debt expense included on Form 990, Part IX, Line 25(A),
but subtracted for purposes of calculating the percentage in
this column is \$ 5,533,909.

Part II, Community Building Activities:

Monadnock Community Hospital, a not-for-profit hospital, owns a primary care network of physicians, nurse practitioners, physician assistants, psychiatrists, psychologists and social workers. This network provides a wide range of primary and behavioral health care services for individuals and families with offices in Peterborough, Rindge, Jaffrey, Antrim and New Ipswich.

Each year, MCH seeks to make the Monadnock Region a healthier place to live by identifying new and changing healthcare needs, then developing a strategy to address some of the most pressing issues. In addition, no one is turned away who is in need of medical care. Our mission is to provide health care for everyone in our community, regardless of their ability to pay. Some examples of our efforts to reach beyond traditional hospital services include:

- Providing services to patients unable to pay
- Offering access to medication, free or at reduced cost millions of dollars in medicine has been dispensed since the "Medication Bridge" program was started in 2002.
- Helping children in Preschool access dental health care.
- Provide training for community agencies, such as local volunteer fire and rescue personnel.
- Offer prevention and wellness education, from smoking cessation to

 Schedule H (Form 990)

232271 04-01-22

dealing with stress.

- Screenings and clinics for important health issues such as breast cancer.
- Supplying information and support regarding timely health topics.
- Offer behavioral health (Substance use & mental health) trainings to the community through Be The Change
- Offer space for community organization to meet, including local support groups.
- The hospital has a Mobile Integrated Health department.

MCH also offers a robust system of volunteer programs and services to engage its stakeholders, to bring people together in civic action, and to promote the wellbeing and success of its community. Volunteer Services responds to department requests for volunteer help and works with the requesting department to develop a written service description, if necessary. Every effort is made to fill the position(s) with qualified volunteers. Volunteers assist with all levels of the Hospital's operations, including materials management, blood drives, emergency department assistance, general support and maintenance, recycling, shuttle and transportation, and other related services.

Lastly, the Hospital remains committed to improving not just the physical health but also the quality of life in its community. The Monadnock Region has a rich and vibrant history of support for the Arts. Here at Monadnock Community Hospital, we are in a unique position to help connect the world of healing and the world of art. Our intent is to host a venue for artists to exhibit in varied mediums, resulting in a visual experience which promotes the proven healing and restorative benefits of beautiful artwork.

Our vision is to eventually develop a permanent art collection for the Schedule H(Form 990)

Part VI Supplemental Information (Continuation)

hospital which will be enjoyed for generations by patients and visitors to our campus. Our Healing Arts Committee is comprised of individuals representing a strong interest in the Healing Arts initiative and has convened to create and develop all aspects of the MCH Healing Arts Gallery as an established and vital venue going forward. The gallery holds three shows per year displaying work from all local artists.

Part III, Line 2:

The amount reported on Part III, Line 2 was derived by applying the cost to charge ratio against the amount of bad debt expense reported on Form 990, Part IX, Line 25, Column (A) (\$5,533,909). Accounts written off to bad debt include gross charges being written off less any payments received against those charges. Any cash collected on accounts previously written off is included as an offset to bad debt expense as recoveries of bad debt. The Hospital calculates the ratio in a manner consistent with Worksheet 2, patient care charges to patient care expenses, to arrive at the ratio of costs to charges.

Part III, Line 3:

The estimated amount of charity care included in bad debt expense is based on the number of applications for charity care denied due to lack of complete documentation against the average charity care write off at cost per qualified patient. We believe the amount is minimal based on our extensive efforts to educate patients and staff about our various payment plans and financial assistance programs to ensure that patients who qualify for any of our programs utilize them. Depending on the specific circumstances, a patient may be eligible for charity care, discounted care, payment programs, or a combination of the above. Due to these

efforts, we believe that amounts written off to bad debt that could qualify as charity care is minimal.

Part III, Line 4:

Please see footnote 1 on page 8 of the attached audited financial statements.

Part III, Line 8:

Medicare allowable costs for the Medicare cost report are reported in accordance with CMS guidelines using the cost to charge ratio methodology.

Part III, Line 9b:

As of September 30, 2011, Monadnock Community Hospital has a written credit and collection policy. Described within that policy are the collection practices and bad debt processes that are followed for patients who are known to qualify for charity care or financial assistance. The Organization utilizes a Financial Assistance Program (FAP) file which is maintained by the Patient Financial Assistance Program of MCH. Internal FAP insurance plans are applied to those accounts and related discount amounts are adjusted in the billing system. Remaining balances are expected to be paid in full by the patient. Payment plans may be requested by the patient and are established by the Patient Financial Services staff according to established criteria. Accounts are annotated to reflect payment arrangements. During bad debt processing, designated staff evaluate accounts listed as collection review for potential bad debt write off. This process includes an examination of account history for indication of FAP application.

Part VI, Line 2:

Section 9007(a) of the Affordable Care Act (March 2010) requires that all non-profit hospitals and health systems to complete a Community Health Needs Assessment every three years. The purpose of the Monadnock Community Hospital CHNA is to identify and prioritize community needs. In doing so, it will also provide a solid technical platform to analyze service area population health, finely tune outreach activities, highlight opportunities for collaboration, strengthen the existing community health activities, and meet IRS regulations.

The practical purpose is this: the CHNA provides a data- and research-based foundation from which to develop and drive hospital activities that impact the most people, address the most urgent needs, and otherwise respond to the highest priority needs within the hospital's purview.

The needs assessment process includes consultation with members of the public, community organizations, service providers, and local government officials in the entity's service area to identify and prioritize the community needs that the health care entity can address directly or in collaboration with others.

The major strength of MCH is found in the ability of our physicians and staff to offer extensive services utilizing state-of-the-art technology, while maintaining the personalized care of a community hospital. MCH is a 25-bed Critical Access Hospital offering Medical, Surgical and Intensive Care; Obstetrics; Pediatrics; and Mental Health services. In addition, a wide variety of outpatient services are available, including Pulmonary, Schedule H (Form 990)

Part VI Supplemental Information (Continuation)

Cardiac and Physical Rehabilitation; 24-hour Emergency Care; a fully equipped laboratory; and an extensive Radiology department. MCH is fortunate to have strong leadership and a dedicated community that allows us to meet the ever-changing requirements of today's healthcare environment. As that environment changes, MCH is also committed to changing and providing the communities we serve with appropriate and innovative programs.

The most common sources of information used to find out about healthcare providers and health monitoring were physicians/healthcare workers, medical websites, hospital websites, and friends and relatives (word of mouth).

MCH also utilizes secondary data resources, such as income, education,

demographics, geographic location, and employment data to evaluate and

estimate its community's access to care, healthcare literacy, and general
wellbeing.

MCH currently addresses all, or most, of the community needs identified in the CHNA in some way. For each of the top 10 needs identified in the CHNA, MCH examined its current programs, outreach efforts and collaborations, as well as consideration for new initiatives such that each of the needs was assigned to one of the following groups:

- Needs that are not part of MCH's purview (e.g., better addressed by other organizations). In this case, MCH will support and advocate for addressing the need but are not able to address the need directly.
- Needs that MCH will address through collaboration with community

Part VI | Supplemental Information (Continuation)

partners.

- Needs for which MCH will enhance existing programs or establish new ones. The hospital has current activities that may be able to be modified or expanded to address the community health need, or newly created activities or initiatives may be required to do so.

Part VI, Line 3:

MCH is committed to providing quality healthcare to anyone in need of services, regardless of ability to pay. We understand patients may not have the finances to pay for their healthcare services and medications, and do not want this to prevent anyone from receiving necessary treatment. As part of the Hospital's mission to the communities we serve, we have developed programs to help meet the needs of our patients who meet income eligibility. Through our Financial Assistance and Medication Bridge Programs, we have been providing financial assistance for many years to those who qualify. We reach out to our patients in many different ways to ensure that they are aware that help is available and to guide them through the process. Brochures and signage are posted in high traffic areas and all employees of MCH are informed about the Financial Assistance Program during orientation. When a patient goes through the registration process at the Hospital the staff are trained to inform uninsured or underinsured patients about the Monadnock Community Hospital Financial Assistance and the New Hampshire Health Access programs and that there is assistance available within the Hospital to help with the application process. In addition, any time a patient calls customer service, the representative is trained to help identify and offer support to patients who may require financial assistance. Patients may qualify for free care, discounted care, payment plans or a combination of the above. Resources Schedule H (Form 990) are also provided in applying to federal and state programs for those who qualify.

Part VI, Line 4:

Monadnock Community Hospital is a 25-bed acute care facility serving a geographically distinctive market in the Greater Monadnock region of New Hampshire, whose population of 38,816 includes 13 towns in Cheshire and Hillsborough counties.

The Social Vulnerability Index (SVI) helps identify areas of community health need. Developed by the Centers for Disease Control and Prevention as a metric for analyzing population data to identify vulnerable populations, the SVI's measures are housed within the domains of Socioeconomic Status, Household Composition and Disability, Minority Status and Language, Housing, and Transportation. The tool may be used to rank overall population wellbeing and mobility relative to County and State averages. It can also be used to determine the most vulnerable populations during disaster preparedness and global pandemics.

The Hospital's most recent CHNA indicates the following findings from the SVI:

- The Monadnock service area is defined by its high senior citizen population. Nearly 20% (19.5%) of Monadnock service area residents are age 65 and over, a somewhat higher percentage than the state (18.5%) and county (15.2%) average.
- Median incomes are strong in the Monadnock service area (\$75,683), and poverty rates are slightly lower (6.4%) than the Hillsborough County average (7.8%). By town, high poverty rates are noteworthy in Jaffrey

- (8.7%), Rindge (7.8%) Peterborough (7.5%), Greenfield (7.3%) and Antrim (7.3%). Poverty rates are low in Hancock (1.6%), Francestown (3.7%), and Sharon (3.8%).
- The number of single-parent households in the Monadnock service area is high over 30% (30.9%). Single-Parent Households may indicate a vulnerable population, which may experience a lack of childcare options and/or a single source of income contributing factors to the cycle of poverty.
- While Hillsborough County experiences great population diversity

 compared with the New Hampshire average, which is not reflected in the

 Monadnock service area. Just 4.7% of the service area population

 identifies as an ethnic minority, well below county (15.6%) and state

 (8.4%) averages.
- Youth (i.e., age 17 or younger) make up nearly 20% of the Monadnock service area population (19.7%) -similar to state and county averages.

Part VI, Line 5:

Monadnock Community Hospital is a critical access hospital located in the Monadnock Region of NH. Our mission is to improve the health and well-being of our community. The Hospital is served by a board of trustees consisting of local citizens active in their community and its organizations. The majority of the board is not employed by the Hospital and consists of local community and business representatives as well as medical staff. Each year, MCH seeks to make the Monadnock Region a healthier place to live by identifying new and changing healthcare needs, then developing a strategy to address some of the most pressing issues.

In addition, no one is turned away who is in need of medical care. Our mission is to provide health care for everyone in our community,

Part VI | Supplemental Information (Continuation)

regardless of their ability to pay. The Hospital is committed to giving back to the community to the greatest extent possible. Monadnock Community Hospital supports thousands of individuals and families with free or reduced-fee services and programs. Our Financial Assistance Program administered by the Social Services Department helps families and individuals in need with access to health care and other available community services such as catastrophic care, fuel assistance, meals on wheels, food banks, and visiting nurses. Other examples of the Hospital's effort to reach our patients beyond traditional hospital services include access to free or reduced cost medications through our Medication Bridge program; training for community agencies such as local volunteer fire and rescue personnel; offering prevention and wellness education including nutrition, smoking cessation and dealing with stress; providing regular community seminars regarding timely health topics; screenings and clinics for important health issues such as breast cancer; offer behavioral health (substance use & mental health) trainings to the community through Be The Change. These are just a few of the many areas where we are reaching out to others to assure they are cared for well.

Part VI, Line 6:

GraniteOne Health is a non-profit, New Hampshire-based healthcare system

consisting of Catholic Medical Center (CMC) in Manchester, Huggins

Hospital (HH) in Wolfeboro, and Monadnock Community Hospital (MCH) in

Peterborough. GraniteOne Health draws on the resources and expertise of

these strong, trusted hospitals to enhance collaboration, strengthen

clinical partnerships and meet the health needs of the communities by

providing greater access to high-quality care and a seamless patient

experience. The organization will enable the hospitals to grow their

Part IV Supplemental Information

Radiology, the Chief Nursing Officer, and the VP of Human Resources.

The Hospital also established the Dr. Herbert E. Flewelling Scholarship to honor the memory of Dr. Flewelling, who practiced both in Peterborough and Jaffrey. Annually two scholarships of \$1,000.00 are usually awarded each year to two graduates of local area high schools. The scholarships are given to outstanding students who are furthering their education in the medical field. The actual cash award is made upon satisfactory completion of six months of education.

The Hospital also established the Norma A. Houghton Nursing Scholarship to honor the memory of Norma A. Houghton, who devoted her profession to being an RN certified as a lactation consultant, and who served the birthing suite at the Hospital from 1977-2006. Annually, two scholarships of up to \$1,500.00 are usually awarded each year to two graduates of local area high schools. The scholarship are given to outstanding students who are furthering their education in the nursing field.

The Hospital also established the Peter L. Gosline Employee Education

Scholarship Fund in 2014 to honor Peter Gosline, the president and CEO of
the Hospital from 1998 to 2014. The Scholarship provides financial
assistance to eligible employees pursuing higher education and skills
development within health services professions.

or surgical emergency; for initiating life saving procedures in all

types of emergency situations; and for providing emergency and initial

evaluations and treatment for other conditions including minor

illnesses and injuries, and sub-acute medical problems. During the

year, there were 13,353 visits to the ER.

Physician Practices - Family health services, programs, and education are integral components of healthcare at MCH. Inpatient and outpatient primary care includes: medical, surgical, psychological and specialist services, provided by physicians and mid-level practitioners. These are located at the Hospital and its four satellite practices located in Antrim, Jaffrey, New Ipswich, and Rindge. During the year, 57,400 primary care office visits were recorded.

Surgical Services - Includes same day and short-term inpatient surgery.

MCH provides surgery in the areas of orthopaedics, general surgery,

OB/GYN, ophthalmology, urology, ENT, and podiatry. In addition, the

Hospital offers some non-surgical procedures including colonoscopies,

gastroscopies, and pain management injections. During the fiscal year,

2,091 procedures were performed.

Radiology and Diagnostics - MCH provides advanced radiological

technology and extensive imaging services including: bone density, MRI,

CT, nuclear medicine, ultrasound, mammography, and other diagnostic

procedures, both inpatient and outpatient. During the fiscal year,

LHA For Paperwork Reduction Act Notice, see the Instructions for Form 990 or 990-EZ.

33,581 exams were performed.

Rehabilitation Services - Additionally, MCH serves the people of the

Monadnock Region through its medical rehabilitation and fitness

services. MCH offers rehabilitation programs for cardiac and diabetic

rehabilitation, along with pulmonary fitness, which feature educational

and exercise components. We also provide physical and occupational

therapy, as well as speech rehabilitation. During the fiscal year,

70,879 procedures were recorded for these services.

Monadnock Community Hospital's Financial Grant Program provides

assistance with hospital and/or physician bills for qualifying

patients. In fiscal year 2023, the Organization recorded \$517,000 in

charges foregone based on established rates. The estimated cost

incurred to provide these services was \$266,807. In addition, Monadnock

Community Hospital provided other services to the community at no cost

or reduced cost, such as screenings and clinics. The cost of providing

these services was approximately \$3,549,000 in fiscal year 2023.

Form 990, Part VI, Section A, line 2:

James Callahan, Esq., and Michael Shea, who each served on the Hospital's Board during this tax year, share a business relationship.

Form 990, Part VI, Section A, line 6:

The sole Member of MCH shall be GraniteOne Health, a New Hampshire voluntary corporation that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code.

Form 990, Part VI, Section A, line 7a:

GraniteOne Health shall elect the elected members of MCH's Board of
Trustees who are nominated as set forth in Article II of MCH's governing
documents. GraniteOne Health shall also have the powers reserved to it as
described in the following narrative for Form 990, Part VI, Line 7b.

Vacancies on the Board of Elected Trustees occurring prior to the end of
any Elected trustee's term shall be elected by GraniteOne Health from
nominations by either vote of the Board at a meeting of the Board, for
which notice has been given of the nomination process, or by GraniteOne
Health if the vacancy is from the group of Elected Trustees nominated by
GraniteOne Health.

Form 990, Part VI, Section A, line 7b:

The following actions initiated by MCH shall require GraniteOne Health's approval:

- a. Adoption of the annual capital and operating budgets, provided that the expenditure of any of the cash reserves, board-designated reserves, surplus assets and other assets held by MCH on the Affiliation Date and recorded on MCH's financial statements as unrestricted assets, as well as certain parcels of real estate not required for the operation of MCH (the "Pre-Affiliation Assets") contemplated by such budgets and proposed in accordance with those powers reserved to MCH, will not be subject to the approval of GraniteOne;
- b. Approval of any strategic plans or material nonclinical programming and marketing plans, including material modifications thereof;

- c. Authorization of debt incurred, assumed, or guaranteed by the hospital in excess of Five Hundred Thousand Dollars (\$500,000.00), other than as provided for in any approval annual capital or operating budget;
- d. Authorization of any material acquisition, disposition, formation, organization or investment by MCH of or in any other corporation, partnership, limited liability company, other entity or joint venture, other than an acquisition funded with Pre- Affiliation Assets proposed in accordance with those powers reserved to MCH will not be subject to the approval of GraniteOne;
- e. Authorization of the sale, disposition, mortgage, or encumbrance of any assets dedicated to the operations of MCH involving assets of Five

 Hundred Thousand Dollars (\$500,000.00) or more, with the exception of real estate identified prior to the Affiliation;
- f. Authorization of MCH to enter into any merger, consolidation or joint venture; or to sell or dispose of substantially all of the assets of MCH or any of its respective subsidiaries; or to create or acquire any subsidiary organization;
- g. Authorization of MCH to institute any bankruptcy, insolvency or reorganization proceedings for itself or any subsidiary;
- h. Authorization of a capital investment by MCH or any of its subsidiaries in any individual entity or project in the form of cash or either tangible or intangible property in excess of Five Hundred Thousand

 Dollars (\$500,000.00), except as provided in any approved annual capital or Schedule O (Form 990) 2022

232212 10-28-22

conflicts of interest noted are reviewed by the Chair of the Board, in

conjunction with the Corporate Compliance Officer. If the conflict of

interest appears to meet the policy definitions requiring full Board

review, the Chair of the Board takes this to the full Board meeting, and it is discussed, and appropriate action is taken (in compliance with state and federal requirements). The conflict of interest statement requires signatories to inform the Hospital of any conflict of interest that occurs at any time throughout the year. If a conflict of interest arises during the year, it is reviewed by the Compliance Officer, and if necessary, is taken to the Board Chair/Board. The Compliance Officer confers with legal counsel with regard to conflicts of interest, if there is any question regarding the potential conflict.

Form 990, Part VI, Section B, Line 15:

The Organization has a written executive compensation policy and procedure. Under this policy, the Compensation Committee, comprised of delegated representatives of the Board of Trustees, has the power and responsibility to determine the Hospital's approach to executive compensation and review the performance of the CEO. The Compensation Committee has the responsibility to set, monitor and review the base salary of the CEO. The Committee maintains minutes of sessions and final recommendations and determinations in accordance with the Board of Trustee guidelines.

Annually, market data is reviewed by the Committee to determine the appropriate salary for the Hospital's CEO based upon identified standards. At the end of the time period, the Committee reviews to what extent stated goals were met and recommends an amount for the variable pay award to be approved by the full board.

Form 990, Part VI, Section C, Line 19:

Monadnock Community Hospital files audited financial statements annually

with the New Hampshire Attorney General's Charitable Trust Unit and informs

232212 10-28-22

Schedule O (Form 990) 2022

the Director of Charitable Trusts of pecuniary benefit transactions that have occurred between MCH and a board member or officer. Notices of such transactions of \$5,000 or more are also published in the local newspaper in accordance with NH RSA 7:19-A, II(D). Current copies of the bylaws, conflict of interest policy and Form 990 are on file with the Charitable Trust Unit.

The Hospital also makes its governing documents, conflict of interest policy, and financial statements available to the public upon request.

Form 990, Part VII, Section A, Column D: Director Compensation

The 2022 compensation reported for Dr. White, as paid by Monadnock

Community Hospital, was paid in return for medical services provided by

Dr. White as a physician employed by the Hospital. No part of Dr.

White's compensation was remuneration in return for his services as a

voting member of the Hospital's Board of Trustees.

The amount reported on lines 7c and 7d as realized gains agrees to reporting from the Hospital's custodian bank and third party investment managers. Due to the volume of investment activity, the Hospital relies on the custodian bank and third party investment managers to track the sale of investments at the individual asset level. Therefore the ability to track and report proceeds and basis of the sales is extremely difficult.

INDEPENDENT AUDITORS' REPORT

Board of Trustees The Monadnock Community Hospital

Opinion

We have audited the financial statements of The Monadnock Community Hospital (the Hospital), which comprise the balance sheets as of September 30, 2023 and 2022, the related statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Hospital as of September 30, 2023 and 2022, and the results of its operations, changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hospital and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Hospital adopted the provisions of Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*, and all subsequent ASUs that modified Topic 842, effective October 1, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies

Organization

The Monadnock Community Hospital (the Hospital) is a not-for-profit, acute care hospital located in Peterborough, New Hampshire.

On December 30, 2016, the Hospital became affiliated with Catholic Medical Center (CMC), a 330-bed acute care hospital in Manchester, New Hampshire, and Huggins Hospital (HH), a 25-bed critical access hospital in Wolfeboro, New Hampshire, through the formation of a common parent, GraniteOne Health (GraniteOne). GraniteOne is a New Hampshire voluntary corporation that is recognized as being a Section 501(c)(3) tax-exempt and "supporting organization" within the meaning of Section 509(a)(3) of the Internal Revenue Code of 1986, as amended (the Code). GraniteOne serves as the sole member of the Hospital and HH and co-member of CMC, along with CMC Healthcare System, Inc. GraniteOne is governed by a thirteen-member Board of Trustees appointed by each of the respective hospitals within the GraniteOne system. The GraniteOne Board of Trustees governs the GraniteOne system through the existence and execution of reserved powers to approve certain actions by the Boards of Trustees of each of the hospitals. During fiscal year 2023, the Board of Trustees of the three GraniteOne hospitals and the Board of GraniteOne voted and approved withdrawal without cause from GraniteOne as permitted by the affiliation agreement. On June 16, 2023, HH and the Hospital submitted to the New Hampshire Department of Justice, Charitable Trusts Unit (CTU) a joint notice of a proposed change in control pursuant to RSA 7:19-b. On December 1, 2023, the CTU approved and issued a report of its findings and conditions for the Hospital including maintaining current levels of community benefit spending, charity care and access to clinical services. The next step includes filing a dissolution document. Upon approval the Hospital will be a stand-alone entity.

The accompanying financial statements do not include the accounts and activity of GraniteOne, HH and CMC.

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments with an original maturity of three months or less at the date of purchase, excluding donor-restricted amounts and assets whose use is limited by Board designation or other arrangements under trust agreements. The Hospital maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Hospital has not experienced any losses on such accounts.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Accounts Receivable

Patient accounts receivable for which the unconditional right to payment exists are receivables if the right to consideration is unconditional and only the passage of time is required before payment of that consideration is due. Accounts receivable at September 30, 2023 and 2022 reflect the fact that any estimated uncollectible amounts are generally considered implicit price concessions that are a direct reduction to accounts receivable rather than allowance for doubtful accounts. At September 30, 2023 and 2022, estimated implicit price concessions of \$7,280,897 and \$6,359,541, respectively, have been recorded as reductions to accounts receivable balances to enable the Hospital to record revenues and accounts receivable at the estimated amounts expected to be collected.

Accounts receivable as of September 30, 2023, 2022 and 2021 are \$8,515,009, \$6,450,584 and \$5,642,463, respectively.

Inventories

Inventories of supplies and pharmaceuticals are carried at the lower of cost or net realizable value. Costs are determined on the first-in, first-out (FIFO) basis.

Assets Limited as to Use

Assets limited as to use include assets held by trustees under indenture agreements, designated assets set aside by the Board of Trustees, over which the Board retains control and may, at its discretion, subsequently use for other purposes, and donor-restricted investments.

Investments and Investment Income (Loss)

Investments are carried at fair value in the accompanying balance sheets. See note 16 for further discussion regarding fair value measurements. Investment income (loss) (including realized gains and losses on investments, interest and dividends) and the net change in unrealized gains and losses on equity securities, are included in the excess (deficiency) of revenue, support and nonoperating gains (losses) over expenses in the accompanying statements of operations, unless the income or loss is restricted by donor or law. The change in net unrealized gains and losses on debt securities is reported as a separate component of the change in net assets without donor restrictions, except declines that are determined by management to be other than temporary, which are reported as an impairment charge (included in the excess (deficiency) of revenue, support and nonoperating gains (losses) over expenses). No such losses were recorded in 2023 or 2022.

Property and Equipment

Property and equipment, including the medical office building, is stated at cost or, if donated, at fair value at the date of donation, less accumulated depreciation. The Hospital's policy is to capitalize expenditures for major improvements and charge maintenance and repairs currently for expenditures which do not extend the life of the related assets. When assets are retired or disposed of, the assets and related accumulated depreciation are eliminated from the accounts and any resulting gain or loss is reflected in the accompanying statements of operations.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Depreciation is computed using the straight-line method in a manner intended to amortize the cost of the assets over their estimated useful lives. Costs of construction and acquisition of assets not yet placed in service are included in capital improvements and no depreciation expense is recorded.

Bond Issuance Costs

Bond issuance costs are being amortized to interest expense using the straight-line method, which approximates the effective interest method, over the life of the respective bonds. Bond issuance costs are presented as a reduction of long-term debt.

Earned Time

The Hospital provides and accrues for paid time off for vacation, holiday and sick leave under an earned time system for nonexempt employees. Hours earned, but not used, are capped and vested with the employee.

Net Assets With Donor Restrictions

Gifts are reported as restricted support if they are received with donor stipulations that limit the use of donated assets. Donated investments, supplies and equipment are reported at fair value at the date of receipt. Unconditional promises to give cash and other assets are reported at fair value at the date of the receipt of the promise. When a donor restriction expires (when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the statement of operations as either net assets released from restrictions (for noncapital related items) or as net assets released from restrictions to purchase property and equipment (capital related items). Some net assets with donor restrictions have been restricted by donors to be maintained by the Hospital in perpetuity.

Except for contributions related to capital purchases, donor-restricted contributions whose restrictions are met within the same year as received are reported as contributions within net assets without donor restrictions in the accompanying financial statements.

Endowment, Investment and Spending Policies

In accordance with the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA), the Hospital considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (a) the duration and preservation of the fund; (b) the purpose of the organization and the donor-restricted endowment fund; (c) general economic conditions; (d) the possible effect of inflation and deflation; (e) the expected total return from income and the appreciation of investments; (f) other resources of the organization; and (g) the investment policies of the organization.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

The Hospital's investment policies provide guidance for the prudent and skillful management of invested assets with the objective of preserving capital and maximizing returns. The invested assets include endowment, specific purpose and board designated funds.

Endowment funds are identified as perpetual in nature, intended to provide support for current or future operations and other purposes identified by the donor. These funds are managed with disciplined longer-term investment objectives and strategies designed to accommodate relevant, reasonable, or probable events. The Finance Committee of the Board of Trustees of the Hospital determines the method to be used to appropriate endowment funds for expenditure. As a guideline, approximately 4% of the total value of the three year quarterly average of available funds is intended to be distributed annually. The Finance Committee has the ability to distribute up to 5.99% of the total market value of the three-year quarterly average of available funds. Distributions of 6% or over must be approved by a vote of the Board of Trustees. The corresponding calculated spending allocations are distributed in equal quarterly installments from the current net total or accumulated net total investment returns for individual endowment funds. In establishing this policy, the Board of Trustees considered the expected long term rate of return on its endowment.

Specific purpose funds are temporary in nature, restricted as to time or purpose as identified by the donor or grantor. These funds have various intermediate/long-term time horizons associated with specific identified spending objectives.

Board designated funds have various intermediate/long-term time horizons associated with specific spending objectives as determined by the Board of Trustees. Assets limited as to use at September 30, 2023 and 2022 includes board designated funds of \$82,130,250 and \$71,905,806, respectively, that are subject to board authorization before being spent.

Management of these assets is to increase, with minimum risk, the inflation adjusted principal and income of the endowment funds over the long term. The Hospital targets a diversified asset allocation that places emphasis on achieving its long-term return objectives within prudent risk constraints.

Excess (Deficiency) of Revenue, Support and Nonoperating Gains (Losses) Over Expenses

The accompanying statements of operations include excess (deficiency) of revenue, support and nonoperating gains (losses) over expenses. Changes in net assets without donor restrictions which are excluded from excess (deficiency) of revenue, support and nonoperating gains (losses) over expenses, consistent with industry practice, include net assets released from restrictions used for the purposes of acquiring long-lived assets, net unrealized gains/losses on debt investments and the changes in the fair value of interest rate swap agreements deemed to be effective hedges.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Patient Service Revenue

Revenues generally relate to contracts with patients in which the Hospital's performance obligations are to provide health care services to patients. Revenues are recorded during the period obligations to provide health care services are satisfied. Performance obligations for inpatient services are generally satisfied over a period of days. Performance obligations for outpatient services are generally satisfied over a period of less than one day. The contractual relationships with patients, in most cases, also involve a third-party payor (Medicare, Medicaid, managed care health plans and commercial insurance companies, including plans offered through the health insurance exchanges) and the transaction prices for the services provided are dependent upon the terms provided by Medicare and Medicaid or negotiated with managed care health plans and commercial insurance companies, the third-party payors. The payment arrangements with third-party payors for the services provided to related patients typically specify payments at amounts less than standard charges. Medicare generally pays for inpatient and outpatient services under a cost reimbursement methodology. Services provided to patients having Medicaid coverage are generally paid on a prospectively determined fixed price depending on the diagnosis for inpatient services and under a cost reimbursement methodology for outpatient services. Agreements with commercial insurance carriers, managed care and preferred provider organizations generally provide for payments based upon predetermined rates per diagnosis, per diem rates or discounted fee-for-service rates. Management continually reviews the revenue recognition process to consider and incorporate updates to laws and regulations and the frequent changes in managed care contractual terms resulting from contract renegotiations and renewals.

The collection of outstanding receivables for Medicare, Medicaid, managed care payers, other thirdparty payors and patients is the Hospital's primary source of cash and is critical to its operating performance. The primary collection risks relate to uninsured patient accounts, including patient accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but patient responsibility amounts (deductibles and copayments) remain outstanding. Implicit price concessions relate primarily to amounts due directly from patients. Estimated implicit price concessions are recorded for all uninsured accounts, regardless of the aging of those accounts. Accounts are written off when all reasonable internal and external collection efforts have been performed. The estimates for implicit price concessions are based upon management's assessment of historical write-offs and expected net collections, business and economic conditions, trends in federal, state and private employer health care coverage and other collection indicators. Management relies on the results of detailed reviews of historical write-offs and collections at facilities that represent a majority of hospital revenues and accounts receivable (the "hindsight analysis") as a primary source of information in estimating the collectability of accounts receivable. Management performs the hindsight analysis regularly, utilizing rolling twelve-months accounts receivable collection and write-off data. Management believes its regular updates to the estimated implicit price concession amounts provides reasonable estimates of revenues and valuations of accounts receivable. These routine, regular changes in estimates have not resulted in material adjustments to the valuations of accounts receivable or periodto-period comparisons of operations.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

The Hospital receives payment for Medicare and Medicaid inpatient and outpatient services on a reasonable cost basis which are settled with retroactive adjustments upon completion and audit of related cost reports. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known. For the years ended September 30, 2023 and 2022, patient service revenue in the accompanying statements of operations increased by approximately \$3.9 million and \$3.2 million, respectively, due to actual settlements and changes in assumptions underlying estimated future third-party settlements.

Revenues from the Medicare and Medicaid programs accounted for approximately 64% and 9% and 60% and 8% of the Hospital's patient service revenue for the years ended September 30, 2023 and 2022, respectively.

Financial Assistance Program

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a financial assistance patient by reference to certain established policies of the Hospital. Essentially, these policies define the financial assistance program as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes federally established poverty guidelines. The financial assistance program is measured based on the Hospital's established rates. These charges are not included in patient service revenue. The costs and expenses incurred in providing these services are included in operating expenses. The cost is estimated by utilizing a ratio of cost to gross charges applied to the gross uncompensated charges associated with providing charity care. See note 15.

Self-Insurance Programs

The Hospital self-insures its employee health and dental benefits and has estimated and accrued amounts to meet its expected obligations under the program. The plan is administered by an insurance company which assists in determining the current funding requirements of participants under the terms of the plan and the liability for claims and assessments that would be payable at any given point in time. The Hospital recognizes revenue for services provided to employees of the Hospital during the year. Stop loss insurance coverage is in effect which mitigates the Hospital's exposure to loss on an individual and aggregate basis. Estimated unpaid claims, and those claims incurred but not reported at September 30, 2023 and 2022, have been recorded as a liability of approximately \$639,000 and \$550,000, respectively, within accrued payroll and related accounts in the accompanying balance sheets.

Functional Expense Allocation

The costs of providing program services and other activities have been summarized on a functional basis in note 14. Accordingly, costs have been allocated among program services and supporting services benefitted.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Income Taxes

The Hospital is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Management evaluated the Hospital's tax positions and concluded the Hospital has maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment to or disclosure in the accompanying financial statements.

Advertising Costs

The Hospital expenses advertising costs as incurred, and such costs totaled approximately \$109,000 and \$59,000 for the years ended September 30, 2023 and 2022, respectively.

Derivatives and Hedging Activities

The interest rate swap agreements held by the Hospital meet the definition of derivative instruments and, consequently, the Hospital is required to record as an asset or liability the fair value of the interest rate swap agreements described in note 7. The Hospital is exposed to repayment loss equal to any net amounts receivable under the swap agreements (not the notional amounts) in the event of nonperformance of the other parties to the swap agreements. However, the Hospital does not anticipate nonperformance and does not obtain collateral from the other parties.

Related Party Activity

The Hospital has engaged in various transactions with GraniteOne and CMC. The Hospital recognized revenue from these related parties of approximately \$302,000 and \$296,000 for the years ended September 30, 2023 and 2022, respectively, which amounts are reflected in other revenue in the accompanying statements of operations. The Hospital also incurred expenses to these related parties of approximately \$2.9 million and \$3.1 million for the years ended September 30, 2023 and 2022, respectively, of which \$2.9 million and \$2.8 million, respectively, is reflected within operating expenses. Additionally, approximately \$270,000 in related party expenses is reflected within nonoperating gains (losses) in the accompanying statements of operations for the year ended September 30, 2022. These transactions resulted in a net amount due to related parties of approximately \$667,000 and \$612,000 at September 30, 2023 and 2022, respectively, which amounts are reflected within accounts payable and accrued expenses in the accompanying balance sheets.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Leases

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases*. The standard, including subsequently issued amendments, collectively referred to as Accounting Standards Codification (ASC) 842, *Leases*, established the principles that lessees and lessors will apply to report useful information to users of financial statements about the amount, timing and uncertainty of cash flows arising from a lease. ASC 842 did not have a significant impact on lessor accounting. The Hospital adopted this standard using the modified retrospective transition approach as applied to leases existing as of or entered into after the adoption date (October 1, 2022) in fiscal year 2023. See note 11 for a discussion of the Hospital's adoption of this standard and its impact on the financial statements and related disclosures.

At the inception of an arrangement, the Hospital determines whether the arrangement is, or contains, a lease based on the unique facts and circumstances present in the arrangement. A lease is a contract, or part of a contract, that conveys the right to control the use of identified property or equipment (an identified asset) for a period of time in exchange for consideration. The Hospital determines if the contract conveys the right to control the use of an identified asset for a period of time. The Hospital assesses throughout the period of use whether the Hospital has both of the following: (1) the right to obtain substantially all of the economic benefits from use of the identified asset, and (2) the right to direct the use of the identified asset. This determination is reassessed if the terms of the contract are changed.

Leases are classified as operating or finance leases based on the terms of the lease agreement and certain characteristics of the identified asset. Leases with a term greater than one year are recognized on the balance sheet as right-of-use assets and lease obligations, as applicable.

The interest rate implicit in lease contracts is typically not readily determinable. As a result, the Hospital has elected to utilize a risk-free rate as the rate to discount lease payments.

Lease liabilities are initially recorded based on the present value of lease payments over the expected remaining lease term. Lease payments are comprised of fixed and in-substance fixed contract consideration. The Hospital has made a policy election not to separate lease components, nonlease components, and noncomponents. The right-of-use asset is based on the lease liability, adjusted for certain items such as lease prepayments or lease incentives received. Finance lease assets are amortized on a straight-line basis, with interest costs reported separately, over the lesser of the useful life of the leased asset or lease term. Operating lease expense is recognized on a straight-line basis. Variable lease payments are expensed as incurred.

The Hospital assesses at the commencement of a lease any options to extend or terminate the lease agreement, and will include in the lease term any extensions or renewals which it determines it is reasonably certain to exercise. Assumptions made at the lease commencement date are re-evaluated upon the occurrence of certain events, including a lease modification. A lease modification results in a separate contract when the modification grants the lessee an additional right-of-use not included in the original lease and when lease payments increase commensurate with the standalone price for the additional right-of-use. When a lease modification results in a separate contract, it is accounted for in the same manner as a new lease.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Subsequent Events

Management has evaluated subsequent events occurring between the end of its fiscal year and January 22, 2024, the date the financial statements were available to be issued.

2. Risks and Uncertainties

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) a pandemic. The COVID-19 pandemic has significantly affected employees, patients, systems, communities and business operations, as well as the U.S. economy and financial markets. Since the declaration of the pandemic, the Hospital received approximately \$10.1 million related to the Coronavirus Aid, Relief and Economic Security Act (CARES Act) Provider Relief Funds (PRF), American Rescue Plan Act (ARPA) rural payments and the Governor's Office of Emergency Relief and Recovery (GOFERR) under the CARES Act. Distributions from the PRF, ARPA and GOFERR are not subject to repayment, provided the Hospital is able to attest to and comply with the terms and conditions of the funding, including demonstrating that the distributions received have been used for healthcarerelated expenses or lost revenue attributable to COVID-19. Such payments are accounted for as government grants, and are recognized on a systematic and rational basis as other income once there is reasonable assurance that the applicable terms and conditions required to retain the funds will be met. Based on an analysis of the compliance and reporting requirements of the PRF, ARPA and GOFERR and the impact of the pandemic on operating results through September 30, 2023 and 2022, the Hospital recognized approximately \$2.0 million and \$1.3 million, respectively, related to PRF, ARPA and GOFERR, and these payments were recorded within other revenue in the accompanying statements of operations. The remaining funds were recognized within other revenue during previous years.

The CARES Act also provides for a deferral of payments of the employer portion of payroll tax incurred during the pandemic, allowing half of such payroll taxes to be deferred until December 2021, and the remaining half until December 2022. At September 30, 2022, the Hospital had deferred approximately \$600,000 recorded within accrued payroll and related accounts in the accompanying 2022 balance sheet. Amounts were fully repaid during the year ended September 30, 2023.

3. Estimated Third-Party Settlements

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

3. Estimated Third-Party Settlements (Continued)

Medicare

The Hospital was granted critical access hospital (CAH) designation on December 27, 2004. As a result of this designation, the Hospital is entitled to cost-based reimbursement from Medicare for services provided to Medicare beneficiaries. Inpatient acute care services rendered to Medicare program beneficiaries are paid under a cost reimbursement methodology. Outpatient services are paid based on a combination of rate schedules and reimbursed cost. The Hospital is reimbursed for cost reimbursable items at an interim rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. As of the date of these financial statements, the Hospital's Medicare cost reports have been final settled through September 30, 2020.

Medicaid

Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology subject to certain limitations. The Hospital is reimbursed at an interim rate with final settlement determined after submission of annual costs reported by the Hospital and audits thereof by the State of New Hampshire Division of Audit. As of the date of these financial statements, the Hospital's Medicaid cost reports have been final settled through September 30, 2019.

Anthem

Inpatient and outpatient services rendered to Anthem subscribers are reimbursed at submitted charges less a discount withholding or through a per diem or fee schedule. The amounts paid to the Hospital are not subject to any retroactive adjustments.

Other

The Hospital has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, per diems and discounts from established charges.

The Hospital has made a provision in the financial statements for estimated final settlements to be paid as a result of the retroactive provision for third-party reimbursement programs. Actual results could differ from those estimates.

Medicaid Enhancement Tax and Medicaid Disproportionate Share Funding

Under the State of New Hampshire's tax code, the State imposes a MET equal to 5.4% of net patient service revenue in State fiscal years 2023 and 2022, with certain exclusions. The amount of tax incurred by the Hospital for fiscal 2023 and 2022 was \$4,678,470 and \$4,221,892, respectively. The Hospital has accrued \$1,124,481 and \$1,055,451 in MET at September 30, 2023 and 2022, respectively, within accounts payable and accrued expenses in the accompanying balance sheets.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

3. Estimated Third-Party Settlements (Continued)

In the fall of 2010, in order to remain in compliance with stated federal regulations, the State of New Hampshire adopted a new approach related to Medicaid disproportionate share funding (DSH) retroactive to July 1, 2010. Unlike the former funding method, the State's approach led to a payment that was not directly based on, and did not equate to, the level of tax imposed. As a result, the legislation created some level of losses at certain New Hampshire hospitals, while other hospitals realized gains. In 2023 and 2022, the Hospital recognized disproportionate share revenues (net of related reserves) totaling \$5,880,181 and \$5,700,000, respectively, in the accompanying statements of operations. Currently, the State of New Hampshire makes disproportionate share hospital payments to support up to 75% of the actual uncompensated care costs for New Hampshire's hospitals with critical access designation.

The Centers for Medicare and Medicaid Services (CMS) has completed audits of the State's program and the DSH payments made by the State from 2011 through 2019, the first years that those payments reflected the amount of uncompensated care provided by New Hampshire hospitals. It is possible that subsequent years will also be audited by CMS. The Hospital has recorded reserves to address its potential exposure based on the audit results to date or any future redistributions. In fiscal year 2023, the Hospital released net DSH reserves totaling \$180,181.

4. Concentration of Credit Risk

Financial instruments which subject the Hospital to credit risk consist of cash and cash equivalents, accounts receivable and investments. The risk with respect to cash equivalents is minimized by the Hospital's policy of investing in financial instruments with short-term maturities issued by highly rated financial institutions. Investments that exceeded 10% of investments include the Vanguard Total Stock Market Index Fund as of September 30, 2023 and 2022.

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The Hospital's accounts receivable are primarily due from third-party payors. The mix of gross patient accounts receivable at September 30, 2023 and 2022 was as follows:

	<u>2023</u>	<u>2022</u>
Medicare	32%	35% 7
Medicaid Anthem	10	9
Other third-party payors	24	21
Patients	<u>27</u>	<u>28</u>
	100%	100%

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

5. Assets Limited as to Use and Restricted Funds

The composition of assets limited as to use at September 30, 2023 and 2022 is set forth in the following table. Investments are stated at fair value.

	<u>2023</u>	<u>2022</u>
Board designated, donor restricted and long-term investments:		
Cash and cash equivalents	\$ 1,573,112	\$ 1,644,108
Marketable equity securities	47,596,101	41,049,000
Mutual funds	38,081,798	34,059,312
U.S. Treasury obligations	4,011,094	4,001,356
Interests in perpetual trusts	5,568,874	4,941,606
	\$96,830,979	\$ 85,695,382
Assets limited as to use are comprised of the following at September 3	0:	
	<u>2023</u>	<u>2022</u>
Board designated for capital, working		
capital and community services	\$82,130,250	\$ 71,905,806
Donor-restricted	14,700,729	13,789,576

As a result of bequests, the Hospital is the beneficiary of two trust funds, one of which is administered by an outside trustee and the other administered by the Hospital. The terms of the perpetual trusts require that income or a percentage of income be paid to the Hospital in perpetuity; however, distribution of principal is not permitted under the terms of the trusts. The amounts recorded in the accompanying balance sheets represent the fair values of the assets upon notification of the trusts' existence, which are adjusted annually to reflect the appreciation or depreciation in the fair value of the assets. Offsetting amounts are included in net assets with donor restrictions. Income distributed to the Hospital from these trusts is included in the accompanying statements of operations as investment income.

\$96,830,979

\$ 85.695.382

6. Property and Equipment

Property and equipment consists of the following at September 30:

	<u>2023</u>	<u>2022</u>
Land and land improvements	\$ 4,686,848	\$ 4,686,848
Building and building improvements	29,949,565	29,949,565

	* 35.005.5 65	
	\$ <u>37,905,767</u>	\$ 35,647,718

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

7. Long-Term Debt

Long-term debt consists of the following at September 30:

	<u>2023</u>	<u>2022</u>
New Hampshire Business Finance Authority (NHBFA) in		
conjunction with Revenue Bonds Series 2013 with variable	001.000	001 040 818
rate interest, as amended and described below	\$21,265,883	
Less unamortized bond issuance costs	-	(1,226)
Less current portion	(714,684)	(683,835)
	#20 551 100	001 064 656
	\$20,551,199	\$21,264,656

On January 1, 2013, the Hospital refinanced its existing 2007 Series Bonds outstanding in the amount of \$17,810,000 and its 2009 Series Bonds outstanding in the amount of \$9,424,908 through the issuance of \$27,240,000 in 2013 Series Bonds with NHBFA. The initial interest rate on the bonds through January 1, 2023 was a variable rate equal to 75% of the one-month LIBOR (London Interbank Offered Rate) plus 1.3125%. The final maturity of the bonds was January 1, 2043 and on January 1, 2028, the bonds were required to be remarketed upon a stipulated mandatory redemption.

On June 27, 2018, the 2013 Series Revenue Bonds with NHBFA were amended and restated. The original bonds were exchanged for amended bonds and the original bond issuance was cancelled. The amended 2013 Series Bonds with NHBFA were issued in the amount of \$24,584,872, which was the amount of the outstanding balance of the original 2013 Series Bonds at the time of closing. The initial interest rate on the amended bonds through July 1, 2028 is a variable rate equal to the sum of 81.5% of the one-month LIBOR plus 1.45%. The final maturity of the amended bonds remained January 1, 2043 and on January 1, 2028, the amended bonds must be remarketed upon a stipulated mandatory redemption. On June 1, 2023, the Hospital converted the underlying index used for the bonds from LIBOR to SOFR (Secured Overnight Financing Rate). The interest rate at September 30, 2023 was 5.53%. As part of this transaction, the Hospital also extended the tender date of the bonds to January 1, 2033.

The Hospital is also required to comply with certain financial and other covenants and has granted as security all gross receipts, together with all real and personal property, as defined. The amended Series 2013 Bonds require the same debt service payments as the original 2013 Series Bonds with payments ranging from \$408,605 to \$1,589,792 per year.

Concurrent with the 2007 NHBFA bond issuance, the Hospital executed an interest rate swap agreement to hedge its exposure to the volatility of interest payments on a portion of its variable rate Series 2007 Revenue Bonds. During 2013, the Series 2007 Revenue Bonds were refinanced through the issuance of Series 2013 Revenue Bonds, as previously discussed. All existing terms of the swap remained in effect. At September 30, 2023, an interest rate swap agreement was outstanding at a notional amount totaling approximately \$6.7 million. The swap agreement hedged the Hospital's interest exposure by effectively converting interest payments from variable rates to a fixed rate of 3.57%. The swap agreement, which expires in October 2033, is designated as a cash flow hedge of the underlying variable rate interest payments, and changes in the fair value of the swap agreement are reported as a change in net assets without donor restrictions. The swap agreement had a fair value of \$(166,942) and \$(398,574) as of September 30, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

7. Long-Term Debt (Continued)

Concurrent with the amended and restated 2013 Series Revenue Bonds, the Hospital executed an interest rate swap agreement effective July 1, 2018 to hedge its exposure to the volatility of interest payments on a portion of its variable rate on the amended and restated 2013 Series Revenue Bonds. At September 30, 2023, an interest rate swap agreement was outstanding at a notional amount totaling approximately \$12.3 million. The swap agreement hedges the Hospital's interest exposure by effectively converting interest payments from variable rates to a fixed rate of 2.64%. The swap agreement, which expires July 1, 2028, is designated as a cash flow hedge of the underlying variable interest payments, and changes in the fair value of the swap agreement are reported as a change in net assets without donor restrictions. The swap agreement had a fair value of \$517,789 and \$253,771 as of September 30, 2023 and 2022, respectively.

During the year, the Hospital pays or receives the difference between the fixed and variable rates applied to the notional amounts of the above interest rate swap agreements. During 2023 and 2022, such charges were \$27,165 and \$468,385, respectively.

In connection with the amended and restated 2013 Series Revenue Bonds, as well as the line of credit described below, the Hospital is required to comply with certain restrictive financial covenants including, but not limited to, debt service coverage and debt to equity ratios. At September 30, 2023, the Hospital was in compliance with these restrictive covenants.

The scheduled maturities on long-term debt for the next five years ending September 30 and thereafter are as follows:

2024	\$ 714,684
2025	747,144
2026	781,078
2027	816,554
2028	853,641
Thereafter	17,352,782

\$21,265,883

As of September 30, 2022, the Hospital also has an available \$3,000,000 revolving demand line of credit with a financial institution. The line of credit bears no interest unless drawn at the Hospital's option in which case the rate is equal to the prime rate or 1, 2 or 3 month LIBOR plus 2.5%. There was no balance outstanding under this agreement at September 30, 2022. During fiscal year 2023, the line of credit expired and was not renewed.

During fiscal year 2023, the Hospital entered into a \$6,000,000 revolving line of credit agreement with a financial institution. The line of credit shall bear interest at a variable rate per annum equal to the term SOFR for each SOFR interest period, as defined, plus 2.50% (5.33% at September 30, 2023). The loan made under this line of credit shall be due and payable in full on June 30, 2024. There was no balance outstanding under this agreement at September 30, 2023.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

8. Net Assets With Donor Restrictions

Net assets with donor restrictions are available for the following purposes at September 30:

	<u>2023</u>	<u>2022</u>
Subject to expenditure for specific purposes:	ф 30.00 <i>4</i>	Ф 140.0 <i>C</i> 1
Purchase of equipment	\$ 38,084	\$ 148,061
Health education and other	498,330	658,442
	536,414	806,503
Restricted endowments:		
General endowment to ensure the Hospital's long-term sustainability, its services and its many community		
	8,595,441	8,043,133
outreach programs	6,393,441	6,043,133
Perpetual trusts (described below)	5,568,874	4,941,606
	\$14,700,729	\$ <u>13,791,242</u>

Net assets with donor restrictions of \$5,568,874 and \$4,941,606 at September 30, 2023 and 2022, respectively, are to be held in perpetuity and include two perpetual trusts (note 5). The income and dividends on net assets held in perpetuity are generally expendable to support health care services and capital purchases at the discretion of the Hospital.

The Hospital's endowment funds are donor-restricted, and therefore exclude board-designated funds. The endowment net assets as of September 30, 2023 and 2022 are as follows:

	With Donor 2023	Restrictions 2022
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor Accumulated investment gains	\$4,221,582 4,373,859	
	\$8,595,441	\$ <u>8,043,133</u>
Activity in fiscal 2023 and 2022 related to endowment funds was as follow	vs:	
	<u>2023</u>	<u>2022</u>
Balances, beginning of year	\$8,043,133	\$10,012,107
Investment return (loss), net Amounts released under spending policy Appropriation for expenditure	1,047,927 (361,099) (134,520)	
Balances, end of year	\$ <u>8,595,441</u>	\$ <u>8,043,133</u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

8. Net Assets With Donor Restrictions (Continued)

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Hospital has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At September 30, 2023 and 2022, the Hospital had no underwater endowments.

9. Patient Service Revenue

An estimated breakdown of patient service revenues (including disproportionate share funding) by major payor sources is as follows for the years ended September 30:

	<u>2023</u>	<u>2022</u>
Private payors (includes coinsurance and deductibles)	\$22,795,724	\$25,863,456
Medicaid	8,630,732	7,562,189
Medicare	63,640,948	54,931,009
Self-pay	3,829,973	3,149,005
Patient service revenue	\$98,897,377	\$91,505,659

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs.

10. Employee Benefit Plans

The Hospital has a tax-sheltered annuity plan covering substantially all of its employees. Participating employees become eligible for employer contributions following the completion of two years of service, as defined, and attainment of age 21. Employer contributions are determined based on a percentage of employees' salaries and are discretionary. Benefit expense related to this plan for the years ended September 30, 2023 and 2022 amounted to approximately \$514,000 and \$572,000, respectively.

The Hospital also offers to a select group of management or highly compensated employees the option to participate in an Internal Revenue Code Section 457 deferred compensation plan to which the Hospital may make a discretionary contribution. The Hospital made contributions to the plan for the years ended September 30, 2023 and 2022 totaling \$17,500 and \$50,700, respectively.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

11. Leases

Adoption of ASC Topic 842, Leases (ASC 842)

The Hospital has various leases relative to its offsite locations under operating leases, as well as various equipment under finance leases. ASC 842 became effective for the Hospital on October 1, 2022 and was adopted using the modified retrospective method for all leases that had commenced as of the effective date, along with certain available practical expedients. The Hospital elected to recognize any effects of applying the new standard as a cumulative-effect adjustment to the opening balance of net assets in the period of adoption, which there were none. In addition, the Hospital elected to adopt the package of practical expedients permitted under the transition guidance within the new standard. The practical expedient package applied to leases that commenced prior to the effective date of the new standard and permits a reporting entity not to: i) reassess whether any expired or existing contracts are or contain leases, ii) reassess the historical lease classification for any expired or existing leases, and iii) reassess initial direct costs for any existing leases. The reporting results for fiscal year 2023 reflect the application of ASC 842 guidance while the historical results for fiscal year 2022 were prepared under the guidance of ASC 840. The adoption of the new standard did not have a significant impact upon the Hospital's statements of operations, changes in net assets and cash flows. The adoption of the new standard resulted in the following impact to the 2023 balance sheet: 1) no significant change in the carrying values of assets and liabilities related to the Hospital's finance leases, previously referred to as capital leases, and 2) the recording of right-of-use assets and corresponding lease liabilities pertaining to the Hospital's operating leases.

Right-of-use assets and lease liabilities are reported in the Hospital's 2023 balance sheet as follows:

Operating leases: Operating lease right-of-use assets	\$ <u>289,509</u>
Current portion of operating lease liabilities Operating lease liabilities, less current portion	\$200,732 <u>89,433</u>
Total operating lease liabilities	\$ <u>290,165</u>
Finance leases: Property and equipment, net	\$ <u>143,937</u>
Current portion of finance lease liabilities Finance lease liabilities, less current portion	\$ 53,684 91,980
Total finance lease liabilities	\$ <u>145,664</u>
The components of lease costs for fiscal year 2023 were as follows:	
Operating lease costs	\$253,725
Finance lease costs: Amortization of right-of-use assets Interest on lease liabilities Short-term lease costs	137,600 5,986 <u>51,000</u>
Total lease costs	\$ <u>448,311</u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

11. Leases (Continued)

Other information related to leases was as follows:

Supplemental Cash Flow Information

Cash flow included in the measurement of lease liabilities for fiscal year 2023 were as follows:

Operating flows for operating leases (fixed payments)	\$253,885
Operating cash flows for finance leases	5,986
Finance cash flows for finance leases	135,217
Noncash lease activity:	
Operating leases – right-of-use assets and operating lease	
liabilities recorded upon adoption of ASU 842	\$320,649
Operating leases – right-of-use assets obtained in exchange	
for new operating lease liabilities	223,401
Finance leases – right-of-use assets obtained in exchange	
for new finance lease liabilities	125,706

Lease Term and Discount Rate

Lease term and discount rate are as follows for the fiscal year ended September 30, 2023:

Weighted-average remaining lease term (in years): Operating lease Finance lease	1.39 3.70
Weighted-average discount rate: Operating lease Finance lease	4.29% 4.27%

As of September 30, 2023, maturities of operating and finance lease liabilities for each of the following five years were as follows:

	Operating <u>Lease</u>	Finance Lease
2024	\$209,668	\$ 58,408
2025	90,584	27,974
2026	_	27,974
2027	_	27,974
2028		15,344
Total minimum future lease payments	300,252	157,674
Less imputed interest	(10,087)	(12,010)
Total lease liabilities	\$ <u>290,165</u>	\$ <u>145,664</u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

11. Leases (Continued)

As of September 30, 2022, future minimum lease payments prepared under the previous guidance of ASC 840 for operating leases was \$194,940 for the year ended September 30, 2023. Total rent expense for the year ended September 30, 2022 was approximately \$342,000.

As of September 30, 2022, future minimum lease payments prepared under the previous guidance of ASC 840 under noncancelable finance lease agreements for the next two years ending September 30 were as follows:

2023 2024	\$129,264 _30,434
Total payments	159,698
Less amounts representing interest	_(4,523)
Present value of current total minimum lease payments	\$ <u>155,175</u>

The net carrying value of assets held under finance leases was \$135,876 at September 30, 2022.

12. Commitments and Contingencies

Malpractice Loss Contingencies

The Hospital maintains malpractice insurance coverage on a claims-made basis. The claims-made policies, which are subject to retrospective adjustment and renewal on an annual basis, cover only claims made during the term of the policies, but not those occurrences for which claims may be made after expiration of the policies. The Hospital intends to renew its coverage and has no reason to believe that it will be prevented from renewing such coverage.

In accordance with ASU No. 2010-24, "Health Care Entities" (Topic 954): Presentation of Insurance Claims and Related Recoveries, the Hospital is required to record a liability related to estimated professional liability losses and also a receivable related to estimated recoveries under insurance coverage for recoveries of potential losses. At September 30, 2023 and 2022, management of the Hospital estimated that the Hospital did not have any significant exposure arising from estimated professional liability losses or significant estimated recoveries under insurance coverage for recoveries of potential losses.

13. Volunteer Services (Unaudited)

In 2023 and 2022, total volunteer service hours received by the Hospital were approximately 5,900 and 4,300, respectively. The volunteers provide nonspecialized services to the Hospital, none of which have been recognized as revenue or expense in the statements of operations.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

14. Functional Expenses

The Hospital provides general health care services to residents within its geographic location. Expenses, excluding the New Hampshire Medicaid enhancement tax of \$4,678,470 and \$4,221,892 for 2023 and 2022, respectively, related to providing these services are as follows for the years ended September 30:

	Health	General and	
	<u>Services</u>	Administrative	<u>Total</u>
2023		0 = 5	
Salaries and benefits	\$44,814,709	\$ 5,904,247	\$50,718,956
Supplies and other	35,490,362	3,728,036	39,218,398
Insurance	683,010	80,292	763,302
Depreciation and amortization	4,086,327	331,562	4,417,889
Interest		1,132,312	1,132,312
	\$85,074,408	\$ <u>11,176,449</u>	\$96,250,857
<u>2022</u>			
Salaries and benefits	\$42,328,809	\$ 5,662,098	\$47,990,907
Supplies and other	32,396,534	3,316,970	35,713,504
Insurance	504,117	337,916	842,033
Depreciation and amortization	4,007,293	217,841	4,225,134
Interest		914,630	914,630
	\$ <u>79,236,753</u>	\$ <u>10,449,455</u>	\$ <u>89,686,208</u>

The financial statements report certain expense categories that are attributable to more than one healthcare service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, such as depreciation and interest, are allocated to a function based on square footage. Supporting activities that are not directly identifiable with one or more healthcare programs are classified as general and administrative. If it is impossible or impractical to make a direct identification, allocation of the expenses were made according to management's estimates. Employee benefits are allocated in accordance with the ratio of salaries and wages of the functional classes. Specifically identifiable costs are assigned to the function which they are identified to.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

15. Financial Assistance Program and Community Benefits (Unaudited)

The Hospital maintains records to identify and monitor the level of financial assistance it provides. These records include the amount of charges foregone for services and supplies furnished under its financial assistance program, the estimated cost of those services and supplies, and equivalent service statistics. The following information measures the level of financial assistance provided during the years ended September 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Charges foregone, based on established rates (note 1)	\$ <u>517,000</u>	\$ <u>665,000</u>
Estimated costs incurred to provide financial assistance	\$392,000	\$ <u>485,000</u>
Equivalent percentage of financial assistance services to all services	<u>0.29</u> %	<u>0.39</u> %

In addition to the financial assistance identified above, the Hospital does not receive full payment from the Medicare and Medicaid programs for the cost of services to certain poor and elderly patients served. In 2023 and 2022, the Hospital incurred costs in excess of payments in these programs amounting to approximately \$8,453,000 and \$7,499,000, respectively.

The Hospital also provides other services to the community at no cost or reduced cost, such as screenings, clinics, etc. The cost of providing these services was approximately \$3,549,000 and \$3,408,000 for the years ended September 30, 2023 and 2022, respectively.

The Hospital also has direct subsidies of approximately \$5,979,000 and \$5,425,000 for primary care and various specialty practices for the years ended September 30, 2023 and 2022, respectively.

16. Fair Value of Financial Instruments

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Hospital uses various methods including market, income and cost approaches. Based on these approaches, the Hospital often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Hospital utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Hospital is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

16. Fair Value of Financial Instruments (Continued)

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining the appropriate levels, the Hospital performs a detailed analysis of the assets and liabilities that are subject to fair value measurements. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the fiscal year ended September 30, 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent with prior years.

The following presents the balances of assets and liabilities measured at fair value on a recurring basis at September 30:

	<u>Total</u>	Level 1	Level 2	Level 3

Liabilities:				
Interest rate swap agreements	\$ 144,803	\$	\$	\$ <u>144,803</u>

The valuation of the interest rate swap agreements is estimated by a third party based on the anticipated cash flows under the swap agreements over their duration at market interest rates at September 30, 2023 and 2022.

There were no significant purchases, issues or transfers into or out of Level 3 for the years ended September 30, 2023 or 2022.

Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. As such, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying balance sheets and statements of operations.

The following methods and assumptions were used by the Hospital in estimating the "fair value" of other financial instruments in the accompanying financial statements and notes thereto:

Cash and cash equivalents: The carrying amounts reported in the accompanying statements of financial position for these financial instruments approximate their fair values.

Accounts and other receivables, notes receivable, accounts payable and estimated third-party payor settlements: The carrying amounts reported in the accompanying statements of financial position approximate their respective values as these financial instruments have short-term maturities or are recorded at amounts that approximate fair value.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

17. Financial Assets and Liquidity Resources

Financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, scheduled principal payments on debt, and capital construction costs not financed with debt, consisted of the following at September 30, 2023:

Cash and cash equivalents	\$28,782,684
Accounts receivable	8,515,009
Other receivables	222,389

\$37,520,082

To manage liquidity, the Hospital maintains sufficient cash and cash equivalent balances to support daily operations throughout the year. Cash and cash equivalents include bank deposits, money market funds, and other similar vehicles that generate a return on cash and provide daily liquidity to the Hospital. In addition, the Hospital has board-designated assets without donor restrictions that can be utilized at the discretion of management to help fund both operational needs and/or capital projects. As of September 30, 2023, the balance in board-designated assets was approximately \$82.1 million.
